Dear Mr. Campbell:

Thank you for including the California Department of Transportation (Caltrans) in the environmental review process for the above referenced project. The proposed Project consists of the demolition of 2 permanent buildings (1-story Kindergarten Building and 2-story Classroom Building D), and removal of 6 portable buildings; construction of 17 class rooms in two permanent buildings (2-story Kindergarten Building and 1-story Classroom Building); modernization (remodel, retrofit, paint, HVAC replacement, and roof repairs) of 5 buildings; and site upgrades.

The nearest State facility to the proposed project is Interstate 105. After reviewing the Negative Declaration (ND), Caltrans does not expect project approval to result in a direct adverse impact to the existing State transportation facilities.

As a reminder, any transportation of heavy construction equipment and/or materials which requires use of oversized-transport vehicles of State highways will need a Caltrans transportation permit. We recommend large size truck trips be limited to off-peak commute periods.

If you have any questions, please contact project coordinator Mr. Carlo Ramirez, at [carlo.ramirez@dot.ca.gov](mailto:carlo.ramirez@dot.ca.gov) and refer to GTS# 07-LA-2019-02412.

Sincerely,
