Project Description

Sacramento Area Council of Governments

2020 Metropolitan Transportation Plan/Sustainable Communities Strategy (MTP/SCS)

The MTP/SCS is an integrated land use and transportation strategy for the SACOG region. The MTP is a long-range transportation plan that must be updated every 4 years to receive federal/state transportation dollars. An SCS is a required element of the MTP pursuant to SB 375. Among other requirements the SCS must identify areas within the region sufficient to house the entire population and identify policies and strategies to reduce per-capita passenger vehicle-generated GHG to CARB target levels.
