Project Description: (please use a separate page if necessary)

The City is updating the existing General Plan Master EIR (MEIR) and converting it to a Program EIR (PEIR) to be in conformance with State law and consistent with recent legislative changes. This update, consistent with Section 15168 of the CEQA Guidelines, is intended to streamline implementation of the General Plan's programs and projects by supporting them with updated environmental analysis, regulatory framework, and mitigation measures, pursuant to CEQA. Two major goals of updating the EIR include:

- Complying with new legislation as it relates to various resource topic area as defined by CEQA; and
- Updating the technical analyses to reflect the current baseline conditions of 2019.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
