Coyote Canyon Natural Resource Management Plan & Interim Access Plan

Property Description

USGS Quadrangle Name: Mount Sizer

Township: 9S

Range: 4E

Sections: 18, 19, 20, 27, 28, 29, 30

Property Owner: County of Santa Clara

Accessor Parcel No.: 865-06-010, -014, -051; 865-07-006, -013, -014, -015, -056; 817-23-006, -009, -012,

-018; 817-24-003

Project Description

The Proposed Project includes the implementation of the Coyote Canyon NRM Plan & IA Plan. The purpose of the Proposed Project is to manage and protect natural resources and to provide public access into a new trail network within the Property. Under the NRM Plan, the Department would manage the 2,741-acre Property in accordance with applicable guidelines and policies including, but not limited to, the *Santa Clara County General Plan, Santa Clara County Parks 2018 Strategic Plan,* and the *Santa Clara Valley Habitat Plan.* During evaluation of the Property for the NRM Plan, it was determined that the Property provides highly suitable habitat for sensitive plant and wildlife species and no major changes to the existing management regime were recommended. The Department would continue to implement strategies, including managed grazing, reconnaissance surveys, and invasive plant control, to maintain and enhance conditions for natural resources on the Property. Natural resources management goals, objectives and recommendations are provided in Section Four of the IA Plan and within the NRM Plan in Appendix C.

The IA Plan proposes the conversion of existing ranch roads to recreational trails, construction of new trails, and the long-term maintenance of the trails, totaling 10.4 miles of trail within the Project area (See Figure 3). The IA Plan also identifies existing double-track ranch roads to serve as service roads to be used by Department staff and emergency vehicles only (see Figure 5). These service roads would be closed to the public.

The Department would complete the Proposed Project in accordance with the Santa Clara County General Plan, the Santa Clara County Countywide Trails Master Plan, the Santa Clara County Uniform Interjurisdictional Trail Design Use and Management Guidelines, and the Santa Clara County Parks Trail Maintenance Manual and Best Management Practices. Trail improvements would include drainage improvements, installation of signage and benches, and trail resurfacing. Existing ranch roads that are in poor condition or are unsuitable for conversion to trails would be regraded and reseeded with a native plant mix appropriate to the area.
