## **Summary Form for Electronic Document Submittal**

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Locat		Kern	
Draiget Degrin	City	County	

Project Decription (Proposed actions, location, and/or consequences).

The project proposes a General Plan Amendment/Zone Change (GPA/ZC) on 10.1 acres located generally on the northeast corner of the Hosking Avenue and Wible Road intersection. The request includes: (1) an amendment of the Land Use Element of the Metropolitan Bakersfield General Plan land use designation from LMR (Low Medium Density Residential) to GC (General Commercial), or a more restrictive designation, and (2) a change in zone classification from R-1 (One Family Dwelling) and RS (Residential Suburban) to zone C-1 (Neighborhood Commercial). The project proposes the development of a gas station, shops, restaurants, and fast food.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Potentially significant effects that could result from the proposed project were identified in the Initial Study and include: Air Quality, Biological Resources, Cultural Resources, and Traffic. Mitigation was identified for all potentially significant effects that reduce impacts to less than significant. Mitigation measures include the following: compliance with the San Joaquin Valley Air Pollution Control District's Indirect Source Rule and air quality control measures (Air Quality); preconstruction surveys for species covered under the Metropolitan Bakersfield Habitat Conservation Plan (MBHCP); preconstruction cultural awareness training from a qualified cultural resources specialist and procedures for inadvertent discoveries of unanticipated paleontological and cultural resources, and human remains (Cultural); participation in the Regional Transportation Impact Fee Program, and obtainment of a street permit or approval of a Traffic Control Plan from the City Public Works Department (Traffic).
