

# Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Downtown Groveland and Big Oak Flat Sewer Collection System Improvements

Lead Agency: Groveland Community Services District

Contact Name: Peter Kampa

Email: pkampa@gcsd.org Phone Number: 209.962.7161

Project Location: Groveland, Big Oak Flat, White Gulch Tuolumne  
*City* *County*

Project Description (Proposed actions, location, and/or consequences).

The Project involves installing or replacing approximately 5,000 linear feet of sewer pipes, constructing manholes, performing spot repairs, and related improvements to the existing sewer system within the three communities. Existing sewer service will not be significantly impacted during construction.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

BIO – 1 Protect northwestern pond turtle (includes restrictions on timing of construction within streambeds, preconstruction surveys, buffer zones, and other protective measures).  
BIO - 2 Protect nesting birds (includes restrictions on timing of construction, preconstruction surveys, and other protective measures).  
BIO - 3 Protect western red bat (includes restrictions on timing of construction, preconstruction surveys, and other protective measures).  
Cultural Resources  
• In the event that archaeological remains are encountered at any time during development or ground-moving activities within the entire Project area, all work in the vicinity of the find should be halted until a qualified archaeologist can assess the discovery and take appropriate actions as necessary.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Controversy known to the Lead Agency:

No known areas of controversy are known regarding this project. A public hearing will be held on June 11, 2019.

Provide a list of the responsible or trustee agencies for the project.
