STATE CLEARINGHOUSE

Dear Mr. Chung:

The California Department of Transportation appreciates the opportunity to review and comment on the Initial Study/Mitigated Negative Declaration for the Escalon-Bellota Road Bridge Replacement over Littlejohns Creek. The Department has the following comments:

- Please continue to work with our Local Assistance Department on this bridge project. Contact Jesus Serrano at (209) 948-7398
- State Route 4 is not an STAA route. If oversized or STAA trucks will be used for this project, the applicant must work with Caltrans to prepare a Transportation Management Plan for trucks turning off from SR 4 onto Escalon-Bellota Road.
- If detours will be necessary for this project, please work with our Encroachment Permits Department to discuss the necessary signage and right-of-way.

If you have any questions or would like to discuss our comments in more detail, please contact Nicholas Fung at (209) 948-7190 or myself at (209) 941-1921.

Sincerely,

A handwritten signature in black ink that reads "Nicholas Fung".
