

Summary Form for Electronic Document Submittal

2019059093 Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: _____

Project Title: Woodville Community Plan 2019 (GPA 17-013)

Lead Agency: County of Tulare Resource Management Agency

Contact Name: Hector Guerra, Chief Environmental Planner

Email: hguerra@co.tulare.ca.us

Phone Number: 559-624-7121

Project Location: Approximately 6.5 miles west of Porterville

Tulare

City

County

Project Description (Proposed actions, location, and/or consequences).

The objective of the Woodville Community Plan 2019 is to develop a community plan which can accurately reflect the needs and priorities of the unincorporated community of Woodville. The Land Use and Circulation portions of this Plan provide the mechanism to minimize or avoid the potential adverse impacts of urban growth. The development of an orderly, harmonious land use pattern and appropriate implementation measures are designed to reduce potential conflict between neighboring uses across Tulare County's 2030 planning horizon, consistent with the Tulare County 2030 General Plan Update. The Plan is needed to increase the availability of infrastructure funding, such as drinking water system improvements (wells, water distribution piping, storage tanks, etc.), wastewater system (such as piping, lift stations, etc.), and public works/safety improvements (such as curbs, gutters, sidewalks, etc.), and to stimulate economic development within the community.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Biological Resources: pre-construction survey, avoidance, minimization, employee education program, mortality reporting, consultation.

Cultural Resources: activities stop, site assessment by a qualified archaeologist, avoidance, documentation.

Tribal Cultural Resources: activities stop, site assessment by a qualified archaeologist, avoidance, documentation, compliance with Section 7050.5 of the California Health and Safety Code and (CEQA Guidelines) Section 15064.5.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

There are no known controversies at the moment.

Provide a list of the responsible or trustee agencies for the project.

*California Air Resources Board *California Department of Transportation District 6
 *Central Valley Flood Protection Board *California Department of Conservation
 *California Department of Fish and Game Region 4 *California Native American Heritage Commission
 *Office of Historic Preservation *California Water Quality Control Board (Region 5)
