**Date:** Friday, May 31, 2019 1:32:50 PM

Hector -

Caltrans has a "NO COMMENT" on the MND routed under SCH # 2019059123 for the proposed Glover Solar Project (PSP 19-003), as the project will have a minimal impact to the State Highway System.

As indicated in the MND, the Project site is approximately 4.5 miles south of State Route (SR) 137 and will generate traffic trips during the 6 month construction timeframe which will then be reduced to approximately 1 trip/day for maintenance/operation of the solar facility.

Thank You.

If you have further questions, please contact me.
