Project Title: Suisun Marina October and November Maintenance Dredging Project

Project Applicant: City of Suisun City

Project Location (include county): Suisun Sough, Whispering Bay Channel and Suisun Marina in City of Suisun City, Solano County

Project Description:

The Project proposes maintenance dredging from October 1 through November 30 in the Marina and associated Whispering Bay and Marina Village Residential District Area access channels, last dredged in 2008. The total volume of material to be removed during this dredge window is estimated at 53,000 cubic yards (CY) and would take approximately 30 to 60 days to complete. Dredged sediment would be placed at Pierce Island, which has been permitted as a long-term dredged material disposal site since 1990 (USACE Permit # 16329E58; BCDC Permit # M85-87, and RWQCB Order No. 90-071). Dredging would assure safe navigable depths for vessels that currently use this facility. No new or expansion of existing use or capacity is proposed for the Marina or associated channels.

This is to advise that the City of Suisun City has approved the above (Lead Agency or Responsible Agency)

described project on July 30, 2019 and has made the following determinations regarding the above described project.
