Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: 2019069077

Project Title: Maintenance District No. 8A North Fork Water System	n Improvements	
Lead Agency: County of Madera Community & Economic Development	nent Department	
Contact Name: Raymundo Gutierrez, Engineer II		
Email: Raymundo.Gutierrez@maderacounty.com	Phone Number: (559) 675-7811	
Project Location: Community of North Fork, Madera County		
City	County	

Project Decription (Proposed actions, location, and/or consequences).

The project site is located throughout North Fork, California.MD-8A is located south of Bass Lake along the North Fork of Willow Creek, near the intersection of County Road (CR) 222 and CR 225. The proposed project includes development of the following water system improvements: 1) New Buckhorn Saloon and Restaurant; 2) North Fork Elementary School; 3) John Hovannisian Water System; 4) Bass lake Mobile Home Park; and 5) North Fork Community Development Council (CDC). Metered service connections at each of these water systems and water piping along CR 222, CR 225, and CR 228 will be constructed to consolidate these systems. Water piping, valves, fire hydrants, and appurtenances will be installed within North Fork Elementary School to provide a potable water distribution system that is separate from existing school wells and irrigation infrastructure.

This document will be used by the County of Madera to take the following actions:

- Adoption of the Mitigated Negative Declaration (MND);
- Adoption of the Mitigation Monitoring and Reporting Program;
- County review and approval of the proposed water system improvements.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Potentially significant impacts were identified for the following areas: Air Quality, Biological Resources, Cultural Resources, Geology and Soils, Noise.

See the MND for the list of mitigation measures, and the IS for the associated analysis.
