Re: Reedley College Performing Arts Center Project

SCH# 2019069080

Prior to determining whether a Negative Declaration or an Environmental Impact Report (EIR) is required for a project under CEQA, a Lead Agency is required to consult with all responsible and trustee agencies. This notice and attachment fulfill the early consultation requirement. Recommendations on the appropriate type of environmental document for this project, as well as comments on its scope and content, should be transmitted to the Lead Agency at the address below. You do not have to be a responsible or trustee agency to comment on the project. All agencies are encouraged to comment in a manner that will assist the Lead Agency to prepare a complete and adequate environmental document.

Please direct your comments to:

George Cummings State Center Community College District, California 1711 Fulton Street, #615 Fresno, CA 93704

with a copy to the State Clearinghouse in the Office of Planning and Research to state.clearinghouse@opr.ca.gov. Please refer to SCH Number 2019069080 in all correspondence concerning this project on our website: https://ceqanet.opr.ca.gov/2019069080/2.

If you have any questions about the environmental document review process, please call the State Clearinghouse at (916) 445-0613.

Sincerely,

Scott Morgan

Director, State Clearinghouse
