PROJECT TITLE: Grace Hudson Nature Education Project – Site Security Project

DESCRIPTION OF PROJECT: The proposal involves:

- A) Construction of a modern six foot cable trellis fence in tandem with restoring the existing three foot split-rail redwood fence. Designed to provide the greatest amount of light and visibility, the fence has a cable trellis system that will visually disappear when it is placed behind the restored redwood split-rail. Approximately 350 linear feet of fencing.
- B) Installation of both modern and restored gates at the pedestrian access, the historic drive-way and the new public access near the Grace Hudson Museum. Gates are designed to be functional and decorative. (All gates will meet building code requirements for ADA access and occupancy exit requirements.) Approximately 5 gates.
- C) Installation of security cameras that will integrate with the existing alarm monitoring system.

LOCATION: 431 South Main Street, Ukiah, CA

PUBLIC AGENCY APPROVING PROJECT: City of Ukiah

NAME OF PROJECT APPLICANT: City of Ukiah Community Services Department - Grace Hudson Museum

**LOCATION:** 431 South Main Street, Ukiah, CA

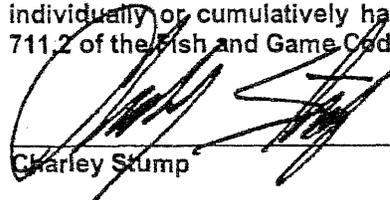

**PUBLIC AGENCY APPROVING PROJECT:** City of Ukiah

**FINDINGS OF EXEMPTION:** Section 15303, Class 3 - Construction of a number of small structures (fencing/gates) and improvements (security cameras) accessory to the main structure on the subject property.

1. The proposed project would not have an adverse impact on fish and wildlife resources, because no creeks or streams exist on or near the property.
2. The proposed accessory structures) fencing/gates) are small and designed to complement the primary building on the site.
3. The project is consistent with the goals and policies of the Ukiah General Plan.

**CERTIFICATION:**

I hereby certify that the public agency has made the above finding and the project will not individually or cumulatively have an adverse effect on wildlife resources, as defined in Section 711.2 of the Fish and Game Code.
