 Statutory Exemptions. State code number:
 General Exemption (Sec. 15061(b)(3)).

Reason Why Project is Exempt: Pursuant to state law and University of California Procedures for Implementation of CEQA, the proposed project is categorically exempt under Article 19, Section 15301, Class 1, Existing Facilities. The project is exempt because it consists of an addition to an existing facility of less than 10,000 square feet, where all public services and facilities are available and the project is not located in an environmentally sensitive area. The project would not result in a cumulative impact as there are no other exempt projects of the same type in the same place as the proposed. There would be a nominal expansion of use beyond existing conditions. Furthermore, per CEQA Section 15300.2, none of the exceptions to a Categorical Exemption would apply.
