Description Of Nature, Purpose, And Beneficiaries Of Project: Special Repair and Deferred Maintenance (SR/DM) projects will be conducted at various California Department of Corrections and Rehabilitation (CDCR) prison facilities statewide as shown on the attached list. Projects involve a wide array of repairs and contract augmentations; some examples are back-up emergency generator rental, underground storage tank (UST) soil investigation/remediation, UST/aboveground storage tank (AST) repairs, and Brine Pond Closure and Reconstruction Project. These projects are necessary to maintain the CDCR prison facilities statewide and to ensure unimpeded operation and their public safety mission.

All work will be performed within the already developed prison property. The projects are not located within environmentally sensitive areas, and none of the exceptions to this exemption are applicable.
