Project Management and Development Branch, Real Estate Services Division, Department of General Services

EXEMPT STATUS:

Class 1, Section 15301(d) Existing Facilities

Reason Why Project Is Exempt:

This exemption allows for minor alterations of existing public facilities that involve negligible or no expansion of use beyond that existing at the time of the lead agency's determination. While the Junipero Serra Building is listed on the National Register of Historic Places, none of the improvements proposed will impact any character-defining features of the historic resource. The State confirms that no exceptions apply which would preclude the use of an exemption for the project.
