RE: LU16-0059 – Mitigated Negative
Declaration (MND)
SCH # 2019079025
GTS # 07-VEN-2019-000309
Vic. LA-101/ PM: 35.802

Dear Ms. Linder:

Thank you for including the California Department of Transportation (Caltrans) in the environmental review process for this Mitigated Negative Declaration (MND). The applicant requests that a Conditional Use Permit be granted to authorize the construction and operation of a new, stealth wireless communication facility (WCF). The WCF and equipment will be owned and operated by Verizon Wireless (see project summary).

The nearest State facility to the proposed project is Route 101. After reviewing the MND, Caltrans does not expect project approval to result in a direct adverse impact to the existing State transportation facilities.

As a reminder, any transportation of heavy construction equipment and/or materials which requires use of oversized-transport vehicles on State highways will need a Caltrans transportation permit. We recommend large size truck trips be limited to off-peak commute periods.

If you have any questions, please contact project coordinator David Calkins, at david.calkins@dot.ca.gov, and refer to GTS # 07-VEN-2019-00309.

Sincerely,

A handwritten signature in black ink, appearing to read "Miya Edmonson".
