Present Land Use: Roadway with Bike Lanes & Sidewalks / General Plan Designation: Major Arterial by the Circulation Element

Project Description: (please use a separate page if necessary)

Pleasant Grove Boulevard is an existing four- and six-lane arterial road that runs east to west through the north central portion of the City of Roseville. It experiences heavy daily traffic congestion as a vital economic link from residential areas to shopping and employment centers. The proposed Project includes widening of Pleasant Grove Boulevard from two to three lanes in each direction beginning 1,500 feet east of Foothills Boulevard to 700 feet west of Woodcreek Oaks Boulevard (Project Limits). Road widening would primarily occur to the interior median, which is sized to accommodate the additional travel lanes while preserving the roadway's existing exterior curb, gutter, and sidewalk.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
