PROJECT DESCRIPTION: (Briefly describe project including need, purpose, location, limits, right-of-way requirements, and activities involved in this box. <i>Use Continuation Sheet, if necessary.)</i>				
The California Department of Transportation (Caltrans), using State-only funds, is proposing a project that would create a valley gutter to route excess stormwater and sediment away from the State-owned sandhouse structure towards a single treatment BMP (traction				
sand trap). Construction would in	olve removal of exi	isting pavement (grin	ling), minor grading, construction of r	new structural sections,
feet to dig a trench for the valley g			nd disturbance is expected to reach	a max depth of three
look to any a tronophilo, and taken s	Julius Clarence	and hape bondingod	n pago an

CALTRANS CEQA DETER	RMINATION (Ch	neck one)		
Not Applicable – Caltrans is not the CEQA Lead Agency Not Applicable – Caltrans has prepared an Initial Study or Environmental Impact Report under CEQA				
Based on an examination of this proposal, supporting information, and the above statements, the project is:				
Exempt by Statute. (PRC 21080[b]; 14 CCR 15260 et seq.) Categorically Exempt. Class 1. (PRC 21084; 14 CCR 15300 et seq.)				
Based on an examination of this proposal and supporting information, the following statements are true and exceptions do not apply:				
 If this project falls within exempt class 3, 4, 5, 6 or 11, it does not impact an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law. There will not be a significant cumulative effect by this project and successive projects of the same type in the same place. 				
over time. There is not a reasona			significant effect on the environment	,
			ally designated state scenic highway d pursuant to Govt. Code § 65962.5	
This project does not on	ause a substantial	adverse change in th	significance of a historical resource	,
Common Sense Exemption possibility that the activity ma			mpt class, but it can be seen with ce ment (14 CCR 15061[b][3].)	rtainty that there is no
