(30 days + holiday)

Project Title: Menlo Country Club Bank Stabilization Project
Project Numbers: CUSE2019-0002 and CEQA2019-0003

Project Description: Repair of two reaches of Redwood Creek, adjacent to Holes #3 and #16 within the Menlo Country Club Golf Course. The existing steeply incised and eroding creek banks would be graded back to create a gentler slope than the existing near-vertical banks, as well as a widened floodway. Emergent wetland vegetation in the bed of the channel, and ruderal species on the banks would be removed to facilitate construction. Large boulders would be installed along the toe of the slope in short sections of the bank repair area and adjacent to existing golf cart bridges to stabilize the repaired creek banks and protect existing oaks. The banks would be revegetated with appropriate wetland and riparian vegetation. During construction, reaches of the creek would be temporarily dewatered with cofferdams and bypass pipes.

Project Location: 2300 Woodside Road
Woodside, CA 94062 **APNs:** 069-161-060 and 069-162-020
