Project Title: Centennial Park/Santa Ana College Park Replacement Project

Lead Agency: National Park Service

Contact Name: David Siegenthaler, Western Region Program Manager

Email: david_siegenthaler@nps.gov Phone Number: 415.623.2334

Project Location: Santa Ana Orange County
City County

Project Description (Proposed actions, location, and/or consequences).

The proposed project involves the construction and operation of 3 replacement parklands totaling in lieu of 2.6-acre, CEC Site leased to Rancho Santiago Community College District (RSCCD) in Centennial Park. The replacement parklands include three park sites, the 6th Street Site, Raitt Street Site, and McFadden Site/Pacific Electric Park. The City already constructed the Pacific Electric Park on the McFadden Site, and it opened in January 2018. Therefore, the City of Santa Ana proposes to construct and operate 2 additional replacement parks on the 6th Street Site and the Raitt Street Site in the City of Santa Ana as described below.
6th Street Site – The City of Santa Ana proposes to provide a neighborhood park on the 0.42-acre, 6th Street site. This park would be a walk-up, pedestrian park without vehicle parking lot that provides amenities such as overhead shade structures, playground equipment, benches and tables, picnic area, and a skate area. Nighttime lighting would be provided throughout the park from five 14-foot, LED light poles, including the skate area.
Raitt Street Site – A neighborhood park would be constructed on the 1.09-acre, Raitt Street Site. This park would be a walk-up, pedestrian park without vehicle parking lot that provides exercise area, tot lot with playground equipment, a skate area, walking path, restroom, drinking fountain, and picnic tables and benches. Nighttime lighting would be installed throughout the park, including the skate area.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Archaeological resources impact.
CUL-1 During ground disturbance beyond artificial fill materials, a qualified archaeologist shall conduct monitoring, including impacts to tribal cultural resources.
TCR-1 If warranted by the professional archaeologist in CUL-1, a Native American tribes with traditional territories in the project region shall be notified, and if the resources are Native American in origin, a tribal monitor shall be present during grading.
Paleontological resources impact.
GEO-1 A qualified paleontologist shall conduct monitoring if grading occurs in the older quaternary deposits.
Operational noise impact.
NOI-1 The nighttime lighting shall be turned off by 8 PM or the A 10-foot noise attenuation wall shall be constructed.
Transportation
TRAN-1 The City shall provide appropriate pedestrian crossing features at project sites for safety.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No areas of controversy are known to the City of Santa Ana.

Provide a list of the responsible or trustee agencies for the project.

- City of Santa Ana
- State Water Resources Control Board (SWRCB).
- Santa Ana Regional Water Quality Control Board (RWQCB).
- South Coast Air Quality Management District (SCAQMD)
- Orange County Fire Authority
