Print Form

Sample Summary for Electronic Document Submittal

Form F

15 copies of this document may be included when a Lead Agency is submitting electronic copies of environmental impact reports, negative declarations, mitigated negative declarations, or notices of preparation to the SCH. The SCH will still accept other summaries, such as an EIR summary prepared pursuant to CEQA Guidelines Section 15123, attached to the electronic copies of the document. SCH# 2019089082 City of American Canyon Lead Agency: Green Island Road Reconstruction and Widening Project Project Title: American Canyon Napa Project Location: County Please provide a Project Decription (Proposed Actions, location, and/or consequences). The City of American Canyon is proposing to reconstruct and widen Green Island Road from Paoli Loop to Jim Oswalt Way. Jim Oswalt Way, Mezzetta Court, Hanna Drive, and Commerce Boulevard from Green Island Road to North Slough will also be reconstructed. The Project will also include the relocation of existing overhead utilities along Green Island Road to an underground system, within the project limits noted above. The Project will also reconstruct the two existing at-grade railroad crossings on Green Island Road, as well as construct a new multi-use bicycle/pedestrian trail along the northern side of Green Island Road, within the project limits noted above. Please identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect. The proposed project has the potential to significantly effect air quality, biological resources, cultural resource, geology/ soils, noise and tribal cultural resources. Proposed mitigation measures detailed in the Initial Study/Proposed Mitigated Negative Declaration are provided to avoid, minimize, and mitigate potentially significant impacts to a less than significant level.
