

Summary for Electronic Document Submittal

15 copies of this document may be included when a Lead Agency is submitting electronic copies of environmental impact reports, negative declarations, mitigated negative declarations, or notices of preparation to the SCH. The SCH will still accept other summaries, such as an EIR summary prepared pursuant to CEQA Guidelines Section 15123, attached to the electronic copies of the document.

SCH # _____

Lead Agency: Eastern Municipal Water District

Project Title: Sky Canyon Sewer Main Extension Project

Project Location: N/A (East of Murrieta)

Riverside

City

County

Please provide a Project Description (Proposed Actions, location, and/or consequences).

The proposed project involves the construction and operation of approximately 6,700 linear feet of new gravity-fed 36-inch-diameter sewer main. The proposed sewer main would connect to the existing 36-inch-diameter French Valley Phase II Sewer at the intersection of Winchester Road and Hunter Road, run south through private easement(s), continue south within Sky Canyon Drive, and connect to an existing 30-inch-diameter sewer located at the intersection of Murrieta Hot Springs Road and Sky Canyon Drive.

Please identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The project's potentially significant effects are related to biological resources, cultural resources, geology and soils, and tribal cultural resources.

The following mitigation measures would be incorporated into the project and would reduce potentially significant impacts to a less than significant level: BIO-1, Nesting Bird and Raptor Avoidance; BIO-2, Burrowing Owl Pre-Construction Survey; BIO-3, Construction Fencing; BIO-4, Biological Construction Monitoring; CR-1, Cultural Resources Treatment and Monitoring Agreement; CR-2, Develop a Cultural Resources Monitoring Plan; CR-3, Tribal Monitoring Agreements; CR-4, Evaluation of Discovered Artifacts; CR-5, Cultural Resources Ownership; CR-6, Human Remains; GEO-1, Paleontological Discovery.

If applicable, please describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

N/A

Please provide a list of the responsible or trustee agencies for the project.

County of Riverside Transportation Department; California Department of Transportation; California Department of Fish and Wildlife; Native American Heritage Commission; San Diego Regional Water Quality Control Board; Resources Agency; State Water Resources Control Board; Riverside County Flood Control and Water Conservation District; California Occupational Safety and Health Administration.
