**SUBJECT: WORK PLAN FOR PHASE II ENVIRONMENTAL SITE ASSESSMENT,
GUYAUX WASTE DISPOSAL SITE (SWIS NO. 36-CR-0025)**

Dear Mr. Martin:

On January 31, 2017, the Local Enforcement Agency (LEA) of San Bernardino received the Work Plan for Phase II Environmental Site Assessment (ESA) for Guyaux Waste Disposal Site, Terminus of South Florez and Fernando Streets, Colton, California 92324 (SWIS No. 36-CR-0025). The plan presents procedures for conducting the Phase II ESA that will evaluate the locations, types, and extent of wastes related to the waste disposal site.

San Bernardino County LEA and CalRecycle have reviewed the proposed work plan. With guidance from CalRecycle, the LEA has determined that Guyaux Waste Disposal Site may proceed with the proposed plan with the following provision:

- ✓ If during the intrusive investigation it is determined that there has been waste deposited that has the potential to produce gas, then landfill gas probes should be constructed at the property boundary adjacent to the homes.

If you have any questions or comments please contact me, Yong Aday of San Bernardino County LEA at (800) 442-2283 or by e-mail at: yong.aday@dph.sbcounty.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Yong Aday".

Yong Aday, REHS II
