Project Title: Routine Maintenance Agreement, Miner Road Culvert at Lauterwasser Creek (Streambed Alteration Agreement No. 1600-2019-0098-R3).

Project Location: The project is located at the Lauterwasser Creek and Miner Road crossing within the City of Orinda, in the County of Contra Costa, State of California, Latitude North 37°53'26.35" and Longitude West 122°11'39.10".

Project Description: The California Department of Fish and Wildlife has executed Streambed Alteration Agreement number 1600-2019-0098-R3, pursuant to Section 1602 of the Fish and Game Code to the Applicant, City of Orinda, as represented by Larry Theis.

Routine maintenance project activities authorized by this Agreement are limited to annual sediment removal from the concrete box culvert and temporary water diversion to facilitate sediment removal. During low flow conditions in the summer months the creek will be diverted to one side of the culvert to create a work site using sandbags, gravel bags, or masonry block units with plastic or visqueen. If enough creek flow exists when creek is diverted temporary diversion pipes may be used. When one side of the culvert is diverted the sediment will be vacuumed with hoses connected to a vactor truck parked along the roadside.

Public Agency Approving Project: CALIFORNIA DEPARTMENT OF FISH AND WILDLIFE

Person or Public Agency Carrying Out Project: City of Orinda

Exempt Status:

Categorical Exemption. Type – Class 1; California Code of Regulations, title 14, section 15301

Reasons why project is exempt: The project consists of maintenance of an existing public structure with no expansion of existing or former use.
