**NOTICE OF PUBLIC REVIEW AND INTENT TO ADOPT A
MITIGATED NEGATIVE DECLARATION**
(State CEQA Guidelines, sections 15072 and 15073)

A Mitigated Negative Declaration (MND) has been prepared by the Foothill/Eastern Transportation Corridor Agency (F/ETCA), as lead agency under the California Environmental Quality Act (CEQA) (Pub. Resources Code, § 21000 et seq.), for the **Saddle Club Site Use Plan Implementation Project** (project) in Trabuco Canyon, California. The MND was prepared in compliance with the requirements of CEQA, the State CEQA Guidelines (Cal. Code Regs., tit. 14, § 15000 et seq.) and Appendix H to the F/ETCA Administrative Code Procedures for Implementing CEQA.

Project location:

The project site is located at **31101 Live Oak Canyon Road, Trabuco Canyon, California**, in unincorporated Orange County. It is bordered by the Live Oak Canyon Road/Trabuco Canyon Road and O'Neill Regional Park to the West and South, and the Orange County Transportation Authority's Wren's View Preserve to the North and East.

Project Description:

The proposed project involves the demolition, removal, salvage and/or disposal of materials associated with previous equestrian uses of the site; removal of ornamental vegetation; installation of trail signage and appurtenant structures including rest benches, as well as ongoing operations and maintenance activities as may be necessary.

Presence of Property On Any List Enumerated Under Section 65962.5 Of The Government Code:

A government records search conducted by Overland, Pacific & Cutler in 2017 determined that the project site is not included on the list of hazardous waste sites compiled pursuant to Government Code Section 65963.5.

The Project MND can be downloaded, in PDF format, at <https://thetollroads.com/about/environment/initiatives>. Electronic or paper copies of the MND are also available for review at the locations below:
