Mr. Andrew Salas
Gabrieleno Band of Mission Indians – Kizh Nation
P.O. Box 393
Covina, CA 91723

RE: AB 52 Consultation with the Gabrieleno Band of Mission Indians – Kizh Nation for a Proposed Composting Operation at the Frank R. Bowerman Landfill

Dar Mr. Salas:

The County of Orange is conducting its AB 52 consultation process for a proposed green waste and wood waste composting operation at the Frank R. Bowerman (FRB) Landfill that will be called the Bee Canyon Greenery. Please consider this letter and preliminary project information as the initiation of the California Environmental Quality Act, specifically Public Resources Code 21080.3.1 and Chapter 532 Statutes of 2014 (i.e., AB 52). Please respond within 30 days, pursuant to PRC 21080.3.1(d) if you would like to consult on this project.

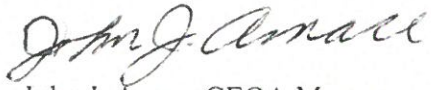

OC Waste & Recycling owns and operates three active solid waste landfills in Orange County and provides post-closure maintenance at twenty closed landfill sites in Orange County. The active FRB Landfill is located at 11002 Bee Canyon Access Road in unincorporated Orange County, north of the City of Irvine, as shown on the attached location map. SB 1383 requires all jurisdictions in California to recycle at least 50 percent of all organic waste materials that are currently going to solid waste landfills by 2020 and at least 75 percent by 2025. In accordance with this new law, OC Waste & Recycling is proposing to implement a maximum 300 ton per day green waste and wood waste composting operation at the FRB Landfill. The composting operation will occur entirely on existing landfilling areas that have been previously disturbed. OC Waste & Recycling is the lead agency under CEQA for the proposed project. The proposed composting operation will be required to obtain permits from the California Department of Resources Recycling and Recovery (CalRecycle), California Regional Water Quality Control Board – Santa Ana Region, South Coast Air Quality Management District, Orange County Health Care Agency – Environmental Health Division (acting in its capacity as the Local Enforcement Agency for CalRecycle) and the Orange County Department of Public Works, Planning Division.

If you would like to consult on this project, please respond in writing to the following:

John J. Arnau, CEQA Manager
OC Waste & Recycling
300 N. Flower Street, Suite 400
Santa Ana, CA 92703

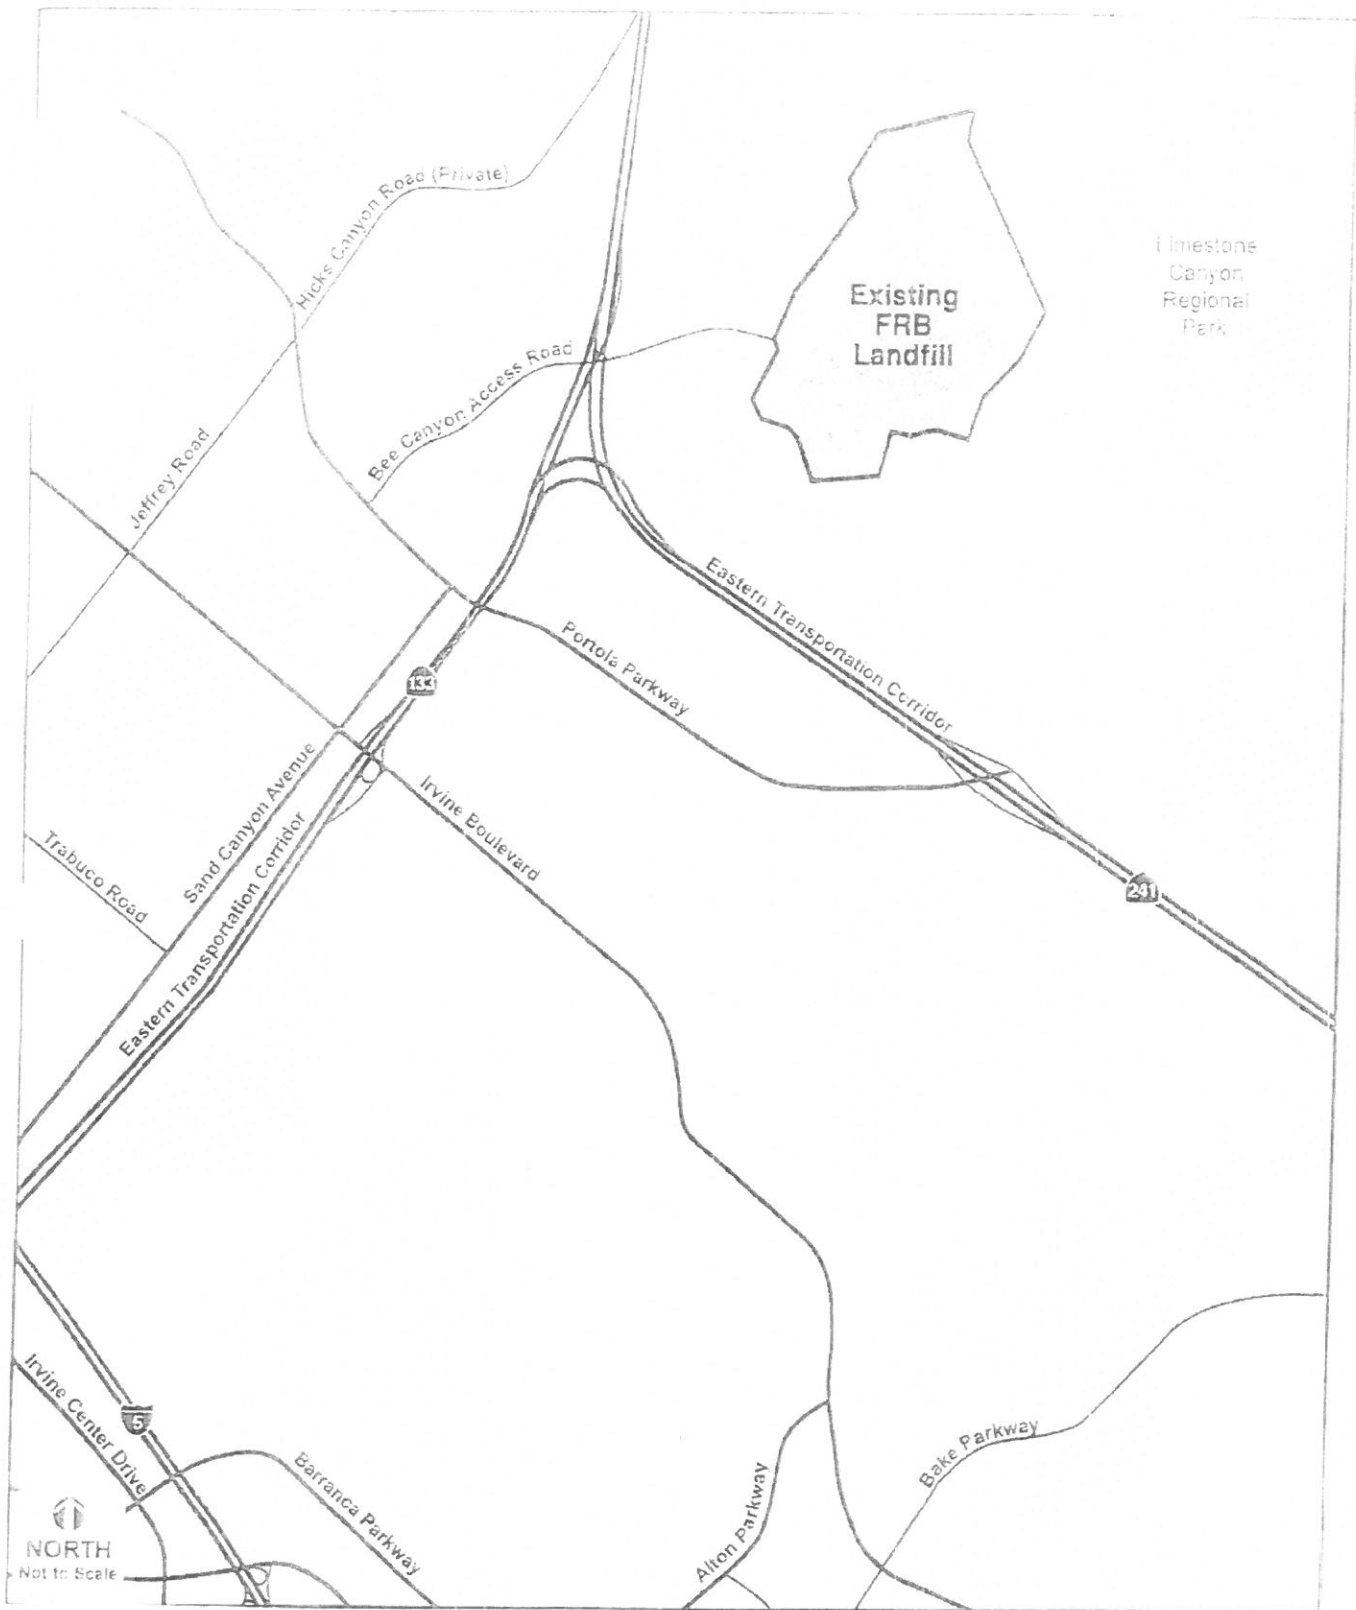

A response can also be provided via email to john.arnau@ocwr.ocgov.com. I can also be reached at (714) 834-4107.

Sincerely,

A handwritten signature in cursive script, reading "John J. Arnau".

John J. Arnau, CEQA Manager
OC Waste & Recycling
