Project Description (Proposed actions, location, and/or consequences).

The proposed project would be located on a 2.3-acre site that is situated at the northern end of the Pioneer High School campus, 10800 Ben Avon Street, Whittier, in the unincorporated community of West Whittier-Los Nietos. It is bordered on the north by Washington Boulevard, on the west by Pioneer Boulevard and commercial businesses, on the east by Danby Avenue and residential housing, and on the south by an existing parking lot used by Pioneer High School. The interstate 605 freeway is located approximately 250 feet west of the proposed project site. The proposed project consists of the construction of a new aquatics facility which would include the following: a pool building with offices, classrooms, restrooms and storage; an Olympic-size 55- yard (50-meter) by 25-yard competitive swimming pool; a 27-yard (25-meter) by 25-yard practice pool; and related improvements. The proposed programs would include various water exercises, recreational swimming, swim lessons, junior lifeguard training, synchronized swimming, water polo, and diving. The Olympic-size competition pool would also provide a venue for master swim teams and would be certified for hosting official swimming competitions and water polo events.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.
