Project Location - City: Unincorporated area of Williams

Project Location - County: Colusa

Description of Nature, Purpose and Beneficiaries of Project:

The project consists of allowing a substandard 4.66 acre parcel to be further reduced to 4.32 acres in the Rural Residential 5 acre minimum (RR-5) zone by a Lot Line Adjustment. 4.32 acres of the parcel contains a residence, shop building and other accessory buildings. The remaining .34 acres extends into the rice check to the south including a farm access road. The variance, based upon the physical differences of the two portions of the property, will allow for the sale of 4.32 acres to the long term tenant without impacting the current farming operation.
