**Project Description:** (please use a separate page if necessary)

The proposed project is the establishment and implementation of Cooperative Service Agreement (CSA), including annual work and financial plans required by the CSA, between Shasta County and U.S. Department of Agriculture (USDA) Animal and Plant Health Inspection Service – Wildlife Services (APHIS-WS) for an integrated wildlife damage management (IWDM) program in the County. Primary functions provided by APHIS-WS specialists in the County would include offering technical advice/ assistance to resource owners and investigating and responding to wildlife damage situations. The County would not be materially involved in any of the IWDM program activities other than to cost-share the financial portion of the program. Neither APHIS-WS nor Shasta County are proposing any changes to the IWDM program activities in the County.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
