Project Title: Modification of Regulations Governing the Power Source Disclosure Program

Project Applicant: California Energy Commission

Project Location (include county): Statewide

## Project Description:

The project is a statewide rulemaking proceeding with no physical location that would modify existing regulations for the Power Source Disclosure program established under Public Utilities Code section 398.1 et seq. The regulations are found at Title 20, California Code of Regulations, section 1390 - 1394. The proposed regulations incorporate new statutory requirements and update other aspects of the program to facilitate implementation, improve clarity, and align with statutory directive. +

## **CEQA Filing Fee No Effect Determination**

**Applicant Name and Address:** California Energy Commission  
1516 Ninth St. MS-25  
Sacramento, CA 95814

**CEQA Lead Agency:** California Energy Commission

**Project Title:** Modification to Regulations Governing the Power Source Disclosure Program

**CEQA Document Type:** Negative Declaration

**State Clearinghouse Number/local agency ID number:** 2019109014

**Project Location:** Statewide

**Brief Project Description:** The California Energy Commission (CEC) is proposing to modify existing regulations for the Power Disclosure program. The change would require retail suppliers that offer electricity to consumers in California to disclose greenhouse gas emission intensity associated with each electricity portfolio. This modification is being implemented to comply with Assembly Bill 1110.

**Determination:** Based on a review of the project as proposed, the Department of Fish and Wildlife has determined that for purposes of the assessment of CEQA filing fees (Fish & G. Code, § 711.4, subd. (c)) the project has no effect on fish, wildlife or their habitat and the project as described does not require payment of a CEQA filing fee. This determination does not in any way imply that the project is exempt from CEQA and does not determine the significance of any potential project effects evaluated pursuant to CEQA.

Please retain this original determination for your records. Local lead agencies are required to file two copies of this determination with the county clerk at the time of filing the Notice of Determination (NOD) after the project is approved. State lead agencies are required to file two copies of this determination with the Governor's Office of Planning and Research (i.e., State Clearinghouse) at the time of filing the NOD. If you do not file a copy of this determination as appropriate with the county clerk or State Clearinghouse at the time of filing the NOD, the appropriate CEQA filing fee will be due and payable.

Without a valid CEQA Filing Fee No Effect Determination form or proof of fee payment, the project will not be operative, vested, or final and any local permits issued for the project will be invalid, pursuant to Fish and Game Code section 711.4, subdivision (c)(3).
