The MVTC is within the Downtown Mixed Use GP designation and P-18 Zoning. Roadways, such as Central Expressway, Evelyn Avenue, and Castro Street are public property and are not given a land use or zoning designation.

Project Description: (please use a separate page if necessary)

The Grade Separation and Access Project consists of three main components: 1) Castro Street Grade Separation; 2) Caltrain Station Improvements; and 3) Other Supportive Pedestrian and Bicycle Facilities improvements. The Castro Street Grade involves redirecting existing Castro Street vehicle traffic and closing the Castro Street leg of the Castro Street/Moffett Boulevard/Central Expressway intersection (including the at-grade rail crossing area) to vehicles. The Caltrain Station Improvements expands the existing Caltrain platforms for train passenger loading and unloading to increase capacity to accommodate projected increased ridership and longer trainsets. Bicycle and pedestrian improvements are proposed to improve connections between the MVTC and regional bicycle facilities and to provide improved alternatives to access/egress the Transit Center other than private car.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
