STATE CLEARINGHOUSE

Subject: Review of the Mitigated Negative Declaration for Tentative Parcel Map 19-04, Grubbs, Tehama County, State Clearinghouse Number 2019109079

Dear Mr. Timboe,

The California Department of Fish and Wildlife (Department) has reviewed the Mitigated Negative Declaration (MND) for the above-referenced project (Project). The Department's review of this Project is pursuant to our role as the State's trustee and responsible agency for fish and wildlife resources under the California Environmental Quality Act, California Public Resources Code section 21000 et seq.

The Project is a Tentative Parcel Map that will create two parcels out of an approximately 160-acre site on Bowman Road in Tehama County.

The Department provided comments on the early consultation request in an email dated October 7, 2019. The MND incorporated the Department's recommendations; therefore, the Department has no further comment at this time. If the Project description changes in any way or additional biological resource information becomes available, the Department should be notified and provided an opportunity to offer comments regarding the updated information.

We appreciate the opportunity to provide input during Project planning. If you have any questions, please contact me at (530) 225-2138, or by email at Kristin.Hubbard@wildlife.ca.gov.

Sincerely,

Kristin Hubbard
Environmental Scientist
