Existing street, ponding basin (RML/RS-4), vacant (RM/RS-5), vacant (CC/CC)

**Project Description:** (please use a separate page if necessary)

The project would result in the improvement of Peach Avenue to the City's arterial street standard. Peach Avenue would have curb, gutter, and sidewalks; bike lanes; four travel lanes; protected left-turn lanes; and landscaped median islands. The project includes a new traffic signal at Peach and Hamilton Avenues and modifications to existing traffic signals, Fresno Irrigation District facilities, and the railroad crossing on the California Avenue alignment.

In order to widen Peach Avenue to a four-lane arterial street, the City must acquire or obtain by dedication additional land along segments of the road where the existing public right-of-way is too narrow to accommodate the proposed arterial street improvements.

**Note:** The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".  
If you have already sent your document to the agency please denote that with an "S".
