Project Description: The City of Tulelake (city) is expanding an existing park (Veteran's Park). The City owns the property that the park is currently on, along with the adjacent parcel. The City will be expanding the park into the adjacent parcel. The scope of work will include: removal of the existing asphalt and concrete, replaced by topsoil to existing grade, the addition of another bathroom to service the bigger park, the construction of an 80 foot, slit face block wall 6 feet high (Memorial Wall) with a metal frame to hold plaques that the City has been storing. The centerpiece will be a Gazebo with benches around it for visitors. The City is working with a local artist to construct an archway at the entrance of the park with the emblems of the 5 branches of the service, along with two benches that look like geese. A sundial will be constructed on the west side of the park. A dog park will be on the right side of the park for visitors that have animals with them. As far as landscaping is concerned, the park will have some new trees added along with non-invasive turf, shrubs, plants, and ground cover. And last, solar lighting will be included in the project. The walkways will be decomposed granite. The parcels together are 0.46 acres.
