**Project Description:** (please use a separate page if necessary)

Pursuant to Public Utilities Code §§21674.7 and 21675, the San Benito County Airport Land Use Commission (ALUC) has the basic function of preparing Airport Land Use Compatibility Plans for each public airport within San Benito County, including the Frazier Lake Airpark, in accordance with the provisions of the Caltrans California Airport Land Use Planning Handbook. The *Compatibility Plan* promotes compatibility between the Frazier Lake Airpark and the land uses surrounding it. This function is accomplished through establishment of a set of compatibility criteria applicable to new development proposed around the Airpark. All development projects proposed within the Airport Influence Area for Frazier Lake Airpark are subject to ALUC review.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
