Project Description: (please use a separate page if necessary)

The project would involve demolition of the existing one-story building the construction of two new structures, a five-story, 128,737 square-foot office building and a five-story parking structure with 308 parking spaces. The project would also involve improvement of the existing railroad tracks as part of the City's Rails-to-Trails program. The trail would be adjacent to the proposed parking garage.
