Project Title: Lathrop Consolidated Treatment Facility Surface Water Discharge Project

Project Applicant: City of Lathrop

Project Location (include county): Tesla Wy, Christopher Wy, Sadler Oak Dr, Inland Passage Wy, Lathrop, San Joaquin County

Project Description:

The project would establish a direct discharge of highly treated wastewater from the City of Lathrop's CTF to the San Joaquin River to facilitate development consistent with the City's General Plan. The project would involve modifications to the CTF to remove chlorine from disinfected effluent to provide for discharge of dechlorinated effluent to the river, installation of effluent pipelines in City roadways, and construction of a new side-bank outfall along the river. With implementation of the project, treated CTF effluent would be discharged to the river during winter, when irrigation demands are low and river flow is high, and less would be discharged during the irrigation season, when CTF recycled water would be used for landscape irrigation.

This is to advise that the City of Lathrop has approved the above
(☒ Lead Agency or ☐ Responsible Agency)

described project on March 22, 2021 and has made the following determinations regarding the above
(date)
described project.

1. The project [☐ will ☒ will not] have a significant effect on the environment.
2. ☒ An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
☐ A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [☒ were ☐ were not] made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan [☒ was ☐ was not] adopted for this project.
5. A statement of Overriding Considerations [☐ was ☒ was not] adopted for this project.
6. Findings [☒ were ☐ were not] made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:
