## **Notice of Completion & Environmental Document Transmittal**

**Project Title:** Site Plan No PLAN 19-00029

**Project Description:** A Site Plan on 32+/- acres to allow for the development of an approximately 1,440 sq. ft. prefabricated office, two 320 sq. ft. metal storage containers, 19 off-street parking spaces, approximate 4,000 sq. feet of "Concrete Casting Beds" and an irregular shaped area of about 6 acres for storage of concrete. The project also includes the temporary use of the southern 11.29+/- acres and an existing unpaved roadway for concrete casting prior to development of the permanent facility. This temporary use is located on previously disturbed property. A portion of the site was developed in the 1950s with a mobile home park, which was demolished in the 1990s due to health and safety violation. Additional portions of the site have been used for many years for the storage of dirt and asphalt construction materials. The proposed concrete casting facilities is located on the most disturbed portion of the site. Access to the site will be provided by the adjacent National Trails Highway (Route 66).
