

# Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: I-215 Washington Street Overcrossing

Lead Agency: California Department of Transportation, District 8

Contact Name: Antonia Toledo, Senior Environmental Planner

Email: antonia.toledo@dot.ca.gov Phone Number: 909-806-2541

Project Location: Colton San Bernardino  
*City* *County*

Project Description (Proposed actions, location, and/or consequences).

The project consists of the replacement of the Washington Street Overcrossing (Br. No. 54-0530) in San Bernardino County. The subject structure was constructed in 1959 with a clearance of only 14'8". The bridge does not meet the current mandatory standard for vertical clearance of 16'6" and has a history of being hit by oversized vehicles. The bridge would be replaced with a new wider and higher structure that meets current vertical clearance requirements. The widening involves the addition of sidewalks, bicycle lanes, median, shoulders, and the extension of two existing westbound left-turn pockets.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

This project would not cause significant or potentially significant effects.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None known at this time.

Provide a list of the responsible or trustee agencies for the project.

None.
