PROJECT DESCRIPTION: (Briefly describe project including need, purpose, location, limits, right-of-way requirements, and activities involved in this box. Use Continuation Sheet, if necessary.)

The California Department of Transportation (Caltrans) proposes to immediately install a new Liquified Petroleum Gas (LPG) line from the propane tank to the generator building in the Cabbage Patch Maintenance Station, on State Route 4 and postmile 60.0 in Calaveras County, due to a leakage to the existing line. The scope of work includes but is not limited to: install 450 feet of 2" LPG line from the propane tanks to the generator building. The purpose of this project is to keep the Cabbage Patch Maintenance facility operational for the winter operations. The need of this project is to prevent or mitigate the loss, impairment of life, property or essential public services.

CALTRANS CEQA DETERMINATION (Check one)

☐ Not Applicable – Caltrans is not the CEQA Lead Agency ☐ Not Applicable – Caltrans has prepared an Initial Study or Environmental Impact Report under CEQA

Based on an examination of this proposal, supporting information, and the above statements, the project is:

☐ Exempt by Statute. (PRC 21080[b]; 14 CCR 15260 et seq.)

☒ **Categorically Exempt. Class 1.** (PRC 21084; 14 CCR 15300 et seq.)

Based on an examination of this proposal and supporting information, the following statements are true and exceptions do not apply:

- If this project falls within exempt class 3, 4, 5, 6 or 11, it does not impact an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law.
- There will not be a significant cumulative effect by this project and successive projects of the same type in the same place, over time.
- There is not a reasonable possibility that the project will have a significant effect on the environment due to unusual circumstances.
- This project does not damage a scenic resource within an officially designated state scenic highway.
- This project is not located on a site included on any list compiled pursuant to Govt. Code § 65962.5 ("Cortese List").
- This project does not cause a substantial adverse change in the significance of a historical resource.

☐ **Common Sense Exemption.** [This project does not fall within an exempt class, but it can be seen with certainty that there is no possibility that the activity may have a significant effect on the environment (14 CCR 15061[b][3].)]

NEPA COMPLIANCE

In accordance with 23 CFR 771.117, and based on an examination of this proposal and supporting information, the State has determined that this project:

- does not individually or cumulatively have a significant impact on the environment as defined by NEPA, and is excluded from the requirements to prepare an Environmental Assessment (EA) or Environmental Impact Statement (EIS), and
- has considered unusual circumstances pursuant to 23 CFR 771.117(b).

CALTRANS NEPA DETERMINATION (Check one)

☐ **23 USC 326:** The State has determined that this project has no significant impacts on the environment as defined by NEPA, and that there are no unusual circumstances as described in 23 CFR 771.117(b). As such, the project is categorically excluded from the requirements to prepare an EA or EIS under the National Environmental Policy Act. The State has been assigned, and hereby certifies that it has carried out the responsibility to make this determination pursuant to Chapter 3 of Title 23, United States Code, Section 326 and a Memorandum of Understanding dated May 31, 2016, executed between the FHWA and the State. The State has determined that the project is a Categorical Exclusion under:

☐ 23 CFR 771.117(c): activity (c) ()

☐ 23 CFR 771.117(d): activity (d) ()

☐ Activity listed in Appendix A of the MOU between FHWA and the State

☐ **23 USC 327:** Based on an examination of this proposal and supporting information, the State has determined that the project is a Categorical Exclusion under 23 USC 327. The environmental review, consultation, and any other actions required by applicable Federal environmental laws for this project are being, or have been, carried out by Caltrans pursuant to 23 USC 327 and the Memorandum of Understanding dated December 23, 2016 and executed by FHWA and Caltrans.

Continued from page 1:

General:

- Environmental reevaluation will be required if the scope of the project changes to include additional areas or activities, or if previously unknown cultural or other sensitive resources are discovered. Contact Environmental Office if the project changes occur or sensitive resources discovered.

Hazardous Waste:

- A lead compliance plan prepared by a Certified Industrial Hygienist is required, include SSP 7-1.02K(6)(j)(iii) in the construction contract.

Cultural:

- If cultural materials are discovered at the job site, do not disturb the resources and immediately:
 1. Stop all work within a 60-foot radius of the discovery;
 2. Protect the discovery area; and
 3. Notify the Engineer.

The Department investigates. Do not move cultural materials or take them from the job site. Retain a qualified archaeologist to assess the significance of the find. Do not resume work within the discovery area until authorized.
- If human remains are discovered, State Health and Safety Code Section 7050.5 states that further disturbances and activities shall cease in any area or nearby suspected to overlie remains, and the County Coroner contacted. Pursuant to public Resources Code (PRC) Section 5097.98, if the remains are thought to be Native American, the coroner will notify the Most Likely Descendent (MLD). At the time the landowner will work with the MLD on the respectful treatment and disposition of the remains. Further provisions of PRC 5079.98 are to be followed as applicable.

No permits are required for this project.
