Present Land Use/Zoning/General Plan Designation:

Open Space/Coastal Open Space (10-acre minimum)

Project Description: (please use a separate page if necessary)

The Project proposes to remove three offshore 12-inch-diameter seawater intake and discharge pipelines, the shoreline vault structure down to minus 5 feet below the sand line, and three onshore seawater pipelines (if feasible). The 36-inch-diameter steel casing with the three onshore pipelines would be abandoned in place along with any portion of the internal pipelines that remain. The shoreline vault void would then be reconstructed to match the existing armored rock contour along the Pacific Coast Highway.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
