Project Title: GEO Denning Hot Well

Project Applicant: Sam Crum Drilling

Project Location: City of Desert Hot Springs

County: Riverside

Section: 10

Township: 3S

Range/Baseline: 5E / SB B&M

Latitude/Longitude: 33.927819, -116.442316

Project Description:

The proposed project consists of drilling one new 'warm' water well in the geothermal zone (temp under 110F) for the purpose of individual use. Use of the water is to be limited to personal household, personal spa & pool, waste water to be used for irrigation of landscape. Water is not intended to be used for commercial purposes.

Details on well locations can be found on the Division's website at:

Exempt Status:

As the Lead Agency, the Division of Oil, Gas, and Geothermal Resources (Division), has determined that the proposed project is exempt from further environmental review requirements of the California Environmental Quality Act (CEQA), pursuant to the specified exemptions marked in the section below. The Division further finds that the proposed project would not result in a significant adverse impact to the environment, or that any of the exceptions to the exemptions apply (14 CCR 15300.2).

CEQA Exceptions to the Exemptions (14 CCR 15300.2): where project is located (e.g. sensitive environment); Cumulative Impact; Significant Effect due to Unusual Circumstances; Scenic Highways; Hazardous Waste Sites; Historical Resources.

➤ **Reasons Why Project is Exempt:**

The basis for the Division's determination that the project is exempt from the requirements of CEQA is provided in the brief explanation below.

Class 3 – Existing Facility: The project is categorically exempt from CEQA under the "Class 3" (14 CCR §15303) exemption per the CEQA Guidelines because the project is one well, a small structure, and includes installation of small new equipment where only minor modifications are made.

Class 4 – Minor Alterations to Land: The project is categorically exempt from CEQA under the "Class 4" (14 CCR 15304) exemption per the CEQA Guidelines because the project involves the minor alteration of the condition of land and/or vegetation on a single residential parcel and does not require the removal of healthy, mature scenic trees.

Exceptions to Exemptions: The Division further finds that there are no exceptions to the otherwise-applicable categorical exemptions (PRC §21084; 14 CCR 15300.2(c)). There is no substantial evidence that there are any "unusual circumstances" associated with the proposed project that create a reasonable possibility that the activity will have a significant effect on the environment, and that there is no significant "cumulative impacts" resulting from successive projects of the same type in the same place. Therefore, this project is not subject to CEQA.
