

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Addition of a New Waste Holding Cell at Desert Valley Company Monofill

Lead Agency: Imperial County Planning & Development Services Department

Contact Name: Patricia Valenzuela

Email: patriciavalenzuela@co.imperial.ca.us Phone Number: (442) 265-1736

Project Location: Westmoreland Imperial
City *County*

Project Description (Proposed actions, location, and/or consequences).

The Desert Valley Company Monofill is an active Class II Solid Waste Management Facility used for the disposal of certain geothermal non-hazardous waste streams and byproducts generated by CalEnergy's geothermal power plant operations in Imperial County, California. The existing DVCM is permitted under Conditional Use Permit (CUP) No. 05-0020, Solid Waste Facility Permit No. 13 AA-0022, and Waste Discharge Requirements (WDR) R7-2016-0016. CalEnergy (Applicant) is requesting an amendment to CUP No. 05-0020 (CUP Amendment 18-0025), a General Plan Amendment (GPA 18-0004) and a Zone Change (ZC 18-0005) to facilitate expansion of the existing DVCM for development of a new waste storage cell (referred to as Cell 4) and associated facilities. The Project would expand the existing DVCM by approx. 80 acres and would provide an additional 1.3 million cubic yards of disposal capacity. The design of Cell 4 would be consistent with DVCM's existing permits and all aspects of the proposed Project, such as operations, maintenance, monitoring, recordkeeping, and financial assurances would be consistent with those of the existing monofill.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Air Quality, Biological Resources, Cultural Resources, Geology/Soils, Hazards/Hazardous Materials, Hydrology/Water Quality, and ,Tribal Cultural Resources and Utilities and Service Systems.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None.

Provide a list of the responsible or trustee agencies for the project.

Imperial County Public Health Department
Imperial County Air Pollution Control District
Regional Water Quality Control Board, Region 8
Department of Toxic Substances Control
California State Water Resources Control Board
U.S. Army Corps of Engineers
California Dept. of Fish & Wildlife (CDFW)
