Project Title: Mays Canyon Bridge at PM 12.78 Repair Project

Project Location - Specific: Mays Canyon Road at Highway 116 at Mays Canyon Road Post Mile 12.78

Project Location - City: Guerneville

Project Location - County: Sonoma

Description of Project: The project will repair critical bridge scour that is undermining the eastern bridge abutment. The project will involve driving H-Piles around the abutment and creating a shelf support to carry the bridge load. Concrete will be used to backfill around the piles and rock slope protection will be added to the bank to protect the abutment.

Name of Public Agency Approving Project: North Coast Regional Water Quality Control Board

Name of Person or Agency Carrying Out Project: County of Sonoma Department of Transportation and Public Works
