STATE CLEARINGHOUSE

**CALIFORNIA DEPARTMENT OF FISH AND WILDLIFE  
CALIFORNIA ENVIRONMENTAL QUALITY ACT FINDINGS FOR  
LAKE OR STREAMBED ALTERATION AGREEMENT No. 1600-2019-0428-R1**

**Introduction**

The California Environmental Quality Act (CEQA) (Public Resources Code Section 21000, *et seq.*) and the State CEQA Guidelines (Guidelines) (Section 15000, *et seq.*, Title 14, California Code of Regulations) require that no public agency shall approve or carry out a project that identifies one or more significant effects, unless the agency makes the following finding as to each significant effect:

Changes or alterations have been required in, or incorporated into, the project which mitigate or avoid the significant effects on the environment.

Timber Harvesting Plans (THPs) and Nonindustrial Timber Management Plans (NTMPs) are documents prepared according to a certified state regulatory program and they substitute for a Negative Declaration or an Environmental Impact Report, pursuant to Guidelines sections 15251 and 15252. As the Lead Agency for THPs and NTMPs, the California Department of Forestry and Fire Protection (CAL FIRE) approved 1-07NTMP-008MEN on July 16, 2007. CAL FIRE found that the THP will not result in significant environmental effects with the mitigation measures required in or incorporated into the NTMP.

The California Department of Fish and Wildlife (CDFW) is entering into a lake or streambed alteration agreement (Agreement) with Mr. Timothy Metz, representing Lost Coast Forestlands. The activities to be completed according to the Agreement are located on Standley Creek, Piercy Creek, Indian Creek, and the South Fork Eel River, in addition to unnamed Class II and Class III tributaries to these watercourses, in Mendocino County. The project site is located Section 35, Township 5S, Range 3E, Humboldt Base and Meridian; and Section 1, Township 24N, Range 18W, Mt. Diablo Base and Meridian, in the Piercy U.S. Geological Survey 7.5-minute quadrangle. Assessor's Parcel Numbers include: 053-070-02, 053-080-02, 053-080-13, 053-080-12, 052-090-17, 052-090-10, and 052-090-18.

Because CDFW is issuing the Agreement, it is a Responsible Agency under CEQA. As a CEQA- Responsible Agency, CDFW is required by Guidelines Section 15096 to review a THP or NTMP approved by the Lead Agency that includes the activities addressed in the Agreement and to make a finding that the Agreement's activities will not cause significant, adverse environmental effects. However, when considering alternatives and mitigation measures approved by the Lead Agency, a Responsible Agency is more limited than the Lead Agency. When issuing the Agreement, CDFW is responsible only for ensuring that the direct or indirect environmental effects of activities addressed in the Agreement are adequately mitigated or avoided. Consequently, the findings adopted or independently made by CDFW with respect to an Agreement's activities are more limited than the findings of the Lead Agency funding, approving, or carrying out the activities addressed in a THP or NTMP.

**Findings**

CDFW has considered the NTMP approved by CAL FIRE that is named above. CDFW has independently concluded that the Agreement should be issued under the terms and conditions specified therein. In this regard, CDFW hereby adopts the findings of CAL FIRE as set forth in the THP or NTMP insofar as they pertain to the impacts on biological resources from the activities addressed in the Agreement.
