Project Description (Proposed actions, location, and/or consequences).

The California Department of Transportation (Caltrans) proposes to construct a canopy structure to provide coverage during adverse weather conditions for the fuel tanks at the following maintenance stations: Woodfords Maintenance Station (Facility #31M3725), Caples Lake Maintenance Station (Facility #31M5730), and West Point Maintenance Station (Facility #30M5727). The project would construct canopy structures and foundations at the three maintenance station locations, remove and replace guard posts, and install light fixtures.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

n/a

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
