

Sample Summary for Electronic Document Submittal

15 copies of this document may be included when a Lead Agency is submitting electronic copies of environmental impact reports, negative declarations, mitigated negative declarations, or notices of preparation to the SCH. The SCH will still accept other summaries, such as an EIR summary prepared pursuant to CEQA Guidelines Section 15123, attached to the electronic copies of the document.

SCH # **2019129008**

Lead Agency: Sierra Joint Community College

Project Title: Stadium Lighting Project

Project Location: Rocklin

City

Placer

County

Please provide a Project Description (Proposed Actions, location, and/or consequences).

The proposed project includes installation of overhead lights at the football stadium and volleyball fields. These will illuminate the football stadium and the future track around the football field, the two volleyball fields, and the walkway towards the sporting fields to allow use for nighttime events and activities. The anticipated number of night football games is five per year, occurring between the months of September to November. Other evening uses of the stadium include up to three classes in the fall and possibly spring semester, with no spectators, and a graduation ceremony in the early summer with approximately 3,000 spectators.

Please identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

This Negative Declaration is tiered from the 2018 Facilities Master Plan EIR. No new or substantially greater impacts have been identified. Mitigation measures identified in the prior EIR for avoidance of nesting raptors (BIO-6) and the handling of accidental discovery of previously unknown archaeological or paleontological resources (CUL-1, -2, -3) would reduce any potential project-specific effects to a less-than-significant level.

If applicable, please describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

n/a

Please provide a list of the responsible or trustee agencies for the project.
