MITIGATED NEGATIVE DECLARATION

PROJECT NAME: Fallbrook Energy Storage

RECORD ID: PDS2019-ZAP-19-001

ENVIRONMENTAL LOG NO.: PDS2019-ER-19-02-001

**This Document is Considered Draft Until it is Adopted by the Appropriate
County of San Diego Decision-Making Body.**

This Mitigated Negative Declaration is comprised of this form along with the Environmental Initial Study that includes the following:

- a. Initial Study – Environmental Checklist Form
- b. Technical Studies and Reports as referenced

1. California Environmental Quality Act Mitigated Negative Declaration Findings:

Find, that this Mitigated Negative Declaration reflects the decision-making body's independent judgment and analysis, and; that the decision-making body has reviewed and considered the information contained in this Mitigated Negative Declaration and the comments received during the public review period; and that revisions in the project plans or proposals made by or agreed to by the project applicant would avoid the effects or mitigate the effects to a point where clearly no significant effects would occur; and, on the basis of the whole record before the decision-making body (including this Mitigated Negative Declaration) that there is no substantial evidence that the project as revised will have a significant effect on the environment.

2. Required Mitigation Measures:

Refer to the attached Environmental Initial Study for the rationale for requiring the following measures:

BIOLOGICAL RESOURCES

1. **BIO#1–BIOLOGICAL EASEMENT [PDS, FEE X 2]**

In order to protect sensitive biological resources, pursuant to the Resource Protection Ordinance (RPO), a biological open space easement shall be granted. **DESCRIPTION OF REQUIREMENT:** Grant to the County of San Diego, an open space easement, as

shown on the approved plot plan. This easement is for the protection of biological resources and prohibits all of the following on any portion of the land subject to said easement: grading; excavation; placement of soil, sand, rock, gravel, or other material; clearing of vegetation; construction, erection, or placement of any building or structure; vehicular activities; trash dumping; or use for any purpose other than as open space. Granting of this open space authorizes the County and its agents to periodically access the land to perform management and monitoring activities for the purposes of species and habitat conservation. The only exceptions to this prohibition are:

- a. Selective clearing of vegetation by hand to the extent required by written order of the fire authorities for the express purpose of reducing an identified fire hazard. While clearing for fire management is not anticipated with the creation of this easement, such clearing may be deemed necessary in the future for the safety of lives and property. All fire clearing shall be pursuant to the applicable fire code of the Fire Authority Having Jurisdiction and the Memorandum of Understanding dated February 26, 1997, (<http://www.sdcounty.ca.gov/PDS/docs/MemoofUnder.pdf>) between the wildlife agencies and the fire districts and any subsequent amendments thereto.
- b. Activities conducted pursuant to a revegetation or habitat management plan approved by the Director of PDS, DPW or DPR.
- c. The continued access to and use and maintenance of the existing single-family home and associated utilities.

DOCUMENTATION: The applicant shall prepare the draft plats and legal descriptions of the easements, then submit them for preparation and recordation with the [DGS, RP], and pay all applicable fees associated with preparation of the documents. **TIMING:** Prior to approval of any plan or issuance of any permit, and prior to use of the premises in reliance of this permit the easements shall be recorded. **MONITORING:** The [DGS, RP] shall prepare and approve the easement documents and send them to [PDS, PCC] for pre-approval. The [PDS, PCC] shall pre-approve the language and estimated location of the easements before they are released to the applicant for signature and subsequent recordation. Upon Recordation of the easements [DGS, RP] shall forward a copy of the recorded documents to [PDS, PCC] [DPR, TC] for satisfaction of the condition.

2. **BIO#2-LBZ EASEMENT [PDS, FEE X 2]**

INTENT: In order to protect sensitive biological resources, pursuant to the Resource Protection Ordinance (RPO), a Limited Building Zone Easement shall be granted to limit the need to clear or modify vegetation for fire protection purposes within an adjacent biological resource area. **DESCRIPTION OF REQUIREMENT:** Grant to the County of San Diego a Limited Building Zone Easement as shown on the plot plan. The purpose of this easement is to limit the need to clear or modify vegetation for fire protection purposes within the adjacent biological open space easement and prohibit the construction or placement of any structure designed or intended for occupancy by humans or animals. The only exceptions to this prohibition are:

- a. Decking, fences, and similar facilities.
- b. Sheds, gazebos, and detached garages, less than 250 square feet in total floor area, that are designed, constructed and placed so that they do not require clearing

or fuel modification within the biological open space easement, beyond the clearing/fuel modification required for the primary structures on the property.

DOCUMENTATION: The applicant shall prepare the draft plots and legal descriptions of the easements, then submit them for preparation and recordation with the [DGS, RP], and pay all applicable fees associated with preparation of the documents. **TIMING:** Prior to approval of any plan or issuance of any permit, and prior to use of the premises in reliance of this permit, the easements shall be recorded. **MONITORING:** The [DGS, RP] shall prepare and approve the easement documents and send them to [PDS, PCC] for pre-approval. The [PDS, PCC] shall pre-approve the language and estimated location of the easements before they are released to the applicant for signature and subsequent recordation. Upon recordation of the easements [DGS, RP] shall forward a copy of the recorded documents to [PDS, PCC] for satisfaction of the condition.

3. **BIO#3–OFFSITE MITIGATION [PDS, FEE X2]**

INTENT: In order to mitigate for the impacts to coast live oak woodland, which is a sensitive biological resource pursuant to the Resource Protection Ordinance (RPO) and the County's Guidelines for Determining Significance for Biological Resources, offsite mitigation shall be acquired. **DESCRIPTION OF REQUIREMENT:** The applicant shall purchase habitat credit or provide for the conservation of habitat of 1.41 acres of coast live oak woodland, located at the Brook Forest Mitigation Bank or other mitigation bank in North San Diego County as indicated below.

- a. **Option 1:** If purchasing Mitigation Credit, the mitigation bank shall be approved by the California Department of Fish & Wildlife. The following evidence of purchase shall include the following information to be provided by the mitigation bank:
 1. A copy of the purchase contract referencing the project name and numbers for which the habitat credits were purchased.
 2. If not stated explicitly in the purchase contract, a separate letter must be provided identifying the entity responsible for the long-term management and monitoring of the preserved land.
 3. To ensure the land will be protected in perpetuity, evidence must be provided that a dedicated conservation easement or similar land constraint has been placed over the mitigation land.
 4. An accounting of the status of the mitigation bank. This shall include the total amount of credits available at the bank, the amount required by this project and the amount remaining after utilization by this project.
- b. **Option 2:** If habitat credit cannot be purchased in a mitigation bank, then the applicant shall provide for the conservation habitat of the same amount and type of land located in North San Diego County as indicated below:
 1. Prior to purchasing the land for the proposed mitigation, the location should be pre-approved by [PDS].
 2. A Resource Management Plan (RMP) shall be prepared and approved pursuant to the County of San Diego Biological Report Format and Content Requirements to the satisfaction of the Director of PDS. If the offsite mitigation is proposed to be managed by DPR, the RMP shall also be prepared and approved to the satisfaction of the Director of DPR.

3. An open space easement over the land shall be dedicated to the County of San Diego or like agency to the satisfaction of the Director of PDS. The land shall be protected in perpetuity.
4. The purchase and dedication of the land and the selection of the Resource Manager and establishment of an endowment to ensure funding of annual ongoing basic stewardship costs shall be complete prior to the approval of the RMP.
5. In lieu of providing a private habitat manager, the applicant may contract with a federal, state or local government agency with the primary mission of resource management to take fee title and manage the mitigation land). Evidence of satisfaction must include a copy of the contract with the agency, and a written statement from the agency that (1) the land contains the specified acreage and the specified habitat, or like functioning habitat, and (2) the land will be managed by the agency for conservation of natural resources in perpetuity.

DOCUMENTATION: The applicant shall purchase the offsite mitigation credits and provide the evidence to the [PDS, PCC] for review and approval. If the offsite mitigation is proposed to be owned or managed by DPR, the applicant must provide evidence to the [PDS PCC] that [DPR, GPM] agrees to this proposal. It is recommended that the applicant submit the mitigation proposal to the [PDS, PCC], for a pre-approval. If an RMP is going to be submitted in-lieu of purchasing credits, then the RMP shall be prepared and an application for the RMP shall be submitted to the [PDS, ZONING]. **TIMING:** Prior to approval of any plan or issuance of any permit, and prior to use of the premises in reliance of this permit, the mitigation shall occur. **MONITORING:** The [PDS, PCC] shall review the mitigation purchase for compliance with this condition. Upon request from the applicant [PDS, PCC] can pre-approve the location and type of mitigation only. The credits shall be purchased before the requirement can be completed. If the applicant chooses option #2, then the [PDS, ZONING] shall accept an application for an RMP, and [PDS, PPD] [DPR, GPM] shall review the RMP submittal for compliance with this condition and the RMP Guidelines.

4. **BIO#4–OPEN SPACE SIGNAGE [PDS, FEE]**

INTENT: In order to protect the proposed open space easement from entry, informational signs shall be installed. **DESCRIPTION OF REQUIREMENT:** Open space signs shall be placed along the biological open space boundary as indicated on the approved Plot Plan for ZAP 19-001. The signs must be corrosion resistant, a minimum of 6” x 9” in size, on posts not less than three (3) feet in height from the ground surface, and must state the following:

**Sensitive Environmental Resources
Area Restricted by Easement**

Entry without express written permission from the County of San Diego is prohibited. To report a violation or for more information about easement restrictions and exceptions contact the County of San Diego,
Planning & Development Services
Reference: ZAP 19-001

DOCUMENTATION: The applicant shall install the signs as indicated above and provide site photos and a statement from a California Registered Engineer, or licensed surveyor, that the open space signs have been installed at the boundary of the open space easement(s). **TIMING:** Prior to approval of any plan or issuance of any permit, and prior to use of the premises in reliance of this permit, the open space signs shall be installed. **MONITORING:** The [PDS, PCC] shall review the photos and statement for compliance with this condition.

5. BIO#5–WETLAND PERMITS [PDS, FEE X2]

INTENT: In order to comply with the State and Federal Regulations for jurisdictional water, the following agency permits, or verification that they are not required shall be obtained. **DESCRIPTION OF REQUIREMENT:** The following permit and agreement shall be obtained, or provide evidence from the respective resource agency satisfactory to the Director of PDS that such an agreement or permit is not required:

- a. A Clean Water Act, Section 401/404 permit issued by the California Regional Water Quality Control Board and the U.S. Army Corps of Engineers for all project related disturbances of waters of the U.S. and/or associated wetlands.
- b. A Section 1602 Streambed Alteration Agreement issued by the [California Department of Fish and Wildlife](#) for all project related disturbances of any streambed.

DOCUMENTATION: The applicant shall consult each agency to determine if a permit or agreement is required. Upon completion of the agency review of this project, the applicant shall provide a copy of the permit(s)/agreement(s), or evidence from each agency that such an agreement or permit is not required to the [PDS, PCC] for compliance. **TIMING:** Prior to approval of any grading and/or improvement plans and issuance of any Grading or Construction Permits. **MONITORING:** The [PDS, PCC] shall review the permits/agreement for compliance with this condition. Copies of these permits should be transmitted to the [DPW, ESU], for implementation on the grading plans.

6. BIO#6–TEMPORARY FENCING [PDS, FEE]

INTENT: In order to prevent inadvertent disturbance to coast live oak woodland, temporary construction fencing shall be installed. **DESCRIPTION OF REQUIREMENT:** Prior to the commencement of any grading and/or clearing in association with this grading plan, temporary orange construction fencing shall be placed to protect from inadvertent disturbance of all open space easements that do not allow grading, brushing or clearing. Temporary fencing is also required in all locations of the project where proposed grading or clearing is within 100 feet of an open space easement boundary. The placement of such fencing shall be approved by the PDS, Permit Compliance Section. Upon approval, the fencing shall remain in place until the conclusion of grading activities after which the fencing shall be removed. **DOCUMENTATION:** The applicant shall provide evidence that the fencing has been installed and have a California licensed surveyor certify that the fencing is located on the boundary of the open space easement(s). The applicant shall submit photos of the fencing along with the certification letter to the [PDS, PCC] for approval. **TIMING:** Prior to Preconstruction Conference, and prior to any clearing, grubbing, trenching, grading, or any land disturbances the fencing shall be installed, and shall remain for the duration of the grading and clearing. **MONITORING:** The [PDS, PCC] shall either attend the preconstruction conference and approve the installation of the temporary fencing, or review the certification and pictures provided by the applicant.”

7. BIO#7–RESOURCE AVOIDANCE [PDS, FEE X2]

INTENT: In order to avoid impacts to migratory birds, which are a sensitive biological resource pursuant to the Migratory Bird Treaty Act, a Resource Avoidance Area (RAA), shall be implemented on all plans. **DESCRIPTION OF REQUIREMENT:** There shall be no brushing, clearing and/or grading such that none will be allowed during the breeding season of migratory bird and raptors. The breeding season is defined as occurring between February 15th and August 31st. The Director of PDS [PDS, PCC] may waive this condition, through written concurrence from the US Fish and Wildlife Service and the California Department of Fish and Wildlife, provided that no raptors are present in the vicinity of the brushing, clearing or grading. **DOCUMENTATION:** The applicant shall provide a letter of agreement with this condition; alternatively, the applicant may submit a written request for waiver of this condition. Although, No Grading shall occur within the RAA until concurrence is received from the County and the Wildlife Agencies. **TIMING:** Prior to preconstruction conference and prior to any clearing, grubbing, trenching, grading, or any land disturbances and throughout the duration of the grading and construction, compliance with this condition is mandatory unless the requirement is waived by the County upon receipt of concurrence from the Wildlife Agencies. **MONITORING:** The [DPW, PDC] shall not allow any grading in the RAA during the specified dates, unless a concurrence from the [PDS, PCC] is received. The [PDS, PCC] shall review the concurrence letter.”

8. BIO#8–OPEN SPACE SIGNAGE & FENCING [PDS, FEE]

INTENT: In order to comply with Conditions BIO#4 the signage shall be installed. **DESCRIPTION OF REQUIREMENT:** The permanent fences and open space signs shall be placed along the open space boundary as shown on these plans and the approved Conceptual Grading and Development Plan for ZAP 19-001.

- a. Evidence shall be site photos and a statement from a California Registered Engineer, or licensed surveyor that the permanent walls or fences, and open space signs have been installed.
- b. The signs must be corrosion resistant, a minimum of 6” x 9” in size, on posts not less than three (3) feet in height from the ground surface, and must state the following:

**Sensitive Environmental Resources
Area Restricted by Easement**

Entry without express written permission from the County of San Diego is prohibited. To report a violation or for more information about easement restrictions and exceptions contact the County of San Diego,

Planning & Development Services

Reference: ZAP 19-001

DOCUMENTATION: The applicant shall install the fencing and signage and provide the documentation photos and certification statement to the [PDS, PCC]. **TIMING:** Prior to the occupancy of any structure or use of the premises and prior to Final Grading Release ([Grading Ordinance Sec. 87.421.a.3](#)) the fencing and signage shall be installed. **MONITORING:** The [PDS, PCC] shall review the photos and statement for compliance with this condition.

9. BIO#9-EASEMENT AVOIDANCE [PDS, FEE]

INTENT: In order to protect sensitive resources, pursuant to [County Grading Ordinance Section 87.112](#) the open space easements shall be avoided. **DESCRIPTION OF REQUIREMENT:** The easement indicated on this plan is for the protection of sensitive environmental resources including coast live oak woodland and prohibits all of the following on any portion of the land subject to said easement: grading; excavation; placement of soil, sand, rock, gravel, or other material; clearing of vegetation; construction, erection, or placement of any building or structure; vehicular activities; trash dumping; or use for any purpose other than as open space. It is unlawful to grade or clear within an open space easement, any disturbance shall constitute a violation of the [County Grading Ordinance Section 87.112](#) and will result in enforcement action and restoration. The only exceptions to this prohibition are:

- a. Selective clearing of vegetation by hand to the extent required by written order of the fire authorities for the express purpose of reducing an identified fire hazard. While clearing for fire management is not anticipated with the creation of this easement, such clearing may be deemed necessary in the future for the safety of lives and property. All fire clearing shall be pursuant to the applicable fire code of the Fire Authority Having Jurisdiction and the Memorandum of Understanding dated February 26, 1997, (<http://www.sdcounty.ca.gov/PDS/docs/MemoofUnder.pdf>) between the wildlife agencies and the fire districts and any subsequent amendments thereto.
- b. Activities conducted pursuant to a revegetation or habitat management plan approved by the Director of PDS, DPW or DPR.
- c. The continued access to and use and maintenance of the existing single-family home and associated utilities.

DOCUMENTATION: The applicant shall provide a letter statement to the [PDS, PCC] stating that all Sensitive Resource Easements were avoided during the grading construction, and that no impacts or encroachment into the open space occurred. **TIMING:** Prior to Final Grading Release the letter verifying the easements were not disturbed shall be submitted. **MONITORING:** The [DPW, PDCI] shall not allow any grading, clearing or encroachment into the open space easement.”

AIR QUALITY**10. AQ#1-CONSTRUCTION EXHAUST EMISSIONS**

INTENT: In order to mitigate for exhaust emissions. **DESCRIPTION OF REQUIREMENT:** The project shall comply with the following Air Quality measure:

- a. The project shall require the construction contractor to provide a construction fleet that uses heavy-duty diesel-powered equipment equipped with Tier 3 diesel engines.
- b. The primary contractor shall be responsible for ensuring that all construction equipment is properly tuned and maintained in accordance with manufacturer’s specifications before and for the duration of on-site operation.
- c. Simultaneous operation of multiple construction equipment units shall be minimized. During construction, vehicles in loading and unloading queues shall not

idle for more than 5 minutes and shall turn their engines off when not in use to reduce vehicle emissions.

- d. Construction equipment shall be outfitted with best available control technology (BACT) devices certified by the California Air Resources Board. A copy of each unit's BACT documentation shall be provided to the County of San Diego at the time of mobilization of each applicable unit of equipment.

DOCUMENTATION: The applicant shall comply with the Air Quality requirements of this condition. The applicant shall show compliance with this measure by providing the construction bid/estimate from the construction contractor that will be used. **TIMING:** Prior to approval of any grading and or improvement plans and issuance of any Grading or Construction Permits. **MONITORING:** The [DPW, PDCI] shall make sure that the construction contractor complies with the Air Quality requirement of this condition. The [DPW, PDCI] shall contact the [PDS, PCC] if the applicant fails to comply with this condition.

11. AQ#2-FUGITIVE DUST PLAN

INTENT: In order to mitigate for fugitive dust. **DESCRIPTION OF REQUIREMENT:** The project applicant or designee shall prepare and implement a Fugitive Dust Plan demonstrating compliance with San Diego Air Pollution Control District (SDAPCD) Rule 55 and County Code Section 87.428 (Grading Ordinance), to the satisfaction of the County. Measures shall include but not limited to:

- a. Water, or utilize another SDAPCD-approved dust control non-toxic agent on the grading areas at least three times daily to minimize fugitive dust.
- b. All main roadways shall be constructed and paved as early as possible in the construction process to reduce construction vehicle travel on unpaved roads.
- c. Building pads shall be finalized as soon as possible following site preparation and grading activities to reduce fugitive dust from earth moving operations.
- d. Grading areas shall be stabilized as quickly as possible to minimize fugitive dust.
- e. Chemical stabilizer shall be applied, a gravel pad shall be installed, or the last 100 feet of internal travel path shall be paved within the construction site prior to public road entry, and for all haul roads.
- f. Wheel washers shall be installed adjacent to the apron for tire inspection and washing prior to vehicle entry on public roads.
- g. Any visible track-out into traveled public streets shall be removed with the use of sweepers, water trucks or similar method within 30 minutes of occurrence.
- h. Sufficient perimeter erosion control shall be provided to prevent washout of silty material onto public roads.
- i. Unpaved construction site egress points shall be graveled to prevent track-out.
- j. Construction access points shall be wet-washed at the end of the workday if any vehicle travel on unpaved surfaces has occurred.
- k. Transported material in haul trucks shall be watered or treated with SDAPCD-approved non-toxic dust control agent.
- l. Haul trucks shall be covered or shall maintain at least two feet of freeboard to reduce blow-off during hauling.
- m. All soil disturbance and travel on unpaved surfaces shall be suspended if winds exceed 25 miles per hour (mph).
- n. On-site stockpiles of excavated material shall be covered.
- o. A 15-mph speed limit on unpaved surfaces shall be enforced.

- p. Haul truck staging areas shall be provided for loading and unloading of soil and materials.
- q. Construction Traffic Control Plans shall route delivery and haul trucks required during construction away from sensitive receptor locations and congested intersections to the extent feasible. Construction Traffic Control plans shall be finalized and approved prior to issuance of grading permits.

DOCUMENTATION: The applicant or designee shall comply with the Air Quality requirements of this condition. **TIMING:** The Fugitive Dust Plan shall be prepared prior to approval of any grading permits and the following actions shall occur throughout the duration of construction. **MONITORING:** The [DPW, PDC] shall make sure that the grading contractor complies with the Air Quality requirements of this condition. The [DPW, PDC] shall contact the [DPLU, PCC] if the applicant fails to comply with this condition.

CULTURAL RESOURCES

12. CULT#1 - ARCHAEOLOGICAL MONITORING

INTENT: In order to mitigate for potential impacts to undiscovered buried archaeological resources and human remains, an Archaeological Monitoring Program and potential Data Recovery Program shall be implemented pursuant to the County of San Diego Guidelines for Determining Significance for Cultural Resources and the California Environmental Quality Act (CEQA). **DESCRIPTION OF REQUIREMENT:** A County Approved Principal Investigator (PI) known as the "Project Archaeologist," shall be contracted to perform archaeological monitoring and a potential data recovery program during all grading, clearing, grubbing, trenching, and construction activities. The archaeological monitoring program shall include the following:

- a. The Project Archaeologist shall perform the monitoring duties before, during and after construction pursuant to the most current version of the County of San Diego Guidelines for Determining Significance and Report Format and Requirements for Cultural Resources. The Project Archaeologist and Luiseno Native American monitor shall also evaluate fill soils to determine that they are clean of cultural resources. The contract or letter of acceptance provided to the County shall include an agreement that the archaeological monitoring will be completed, and a Memorandum of Understanding (MOU) between the Project Archaeologist and the County of San Diego shall be executed. The contract or letter of acceptance shall include a cost estimate for the monitoring work and reporting.
 - 1. The Project Archeologist shall provide evidence that a Luiseno Native American has been contracted to perform Native American Monitoring for the project.
 - 1. The cost of the monitoring shall be added to the grading bonds or bonded separately.

DOCUMENTATION: The applicant shall provide a copy of the Archaeological Monitoring Contract or letter of acceptance, cost estimate, and MOU to [PDS, PPD]. Additionally, the cost amount of the monitoring work shall be added to the grading bond cost estimate.

TIMING: Prior to approval of any grading and or improvement plans and issuance of any Grading or Construction Permits. **MONITORING:** [PDS, PPD] shall review the contract or

letter of acceptance, MOU and cost estimate or separate bonds for compliance with this condition. The cost estimate should be forwarded to [PDS, PPD] for inclusion in the grading bond cost estimate, and grading bonds and the grading monitoring requirement shall be made a condition of the issuance of the grading or construction permit.

13. **CULT#2 - CULTURAL RESOURCES MONITORING REPORT**

INTENT: In order to ensure that the Archaeological Monitoring occurred during the earth-disturbing activities, a final report shall be prepared. **DESCRIPTION OF**

REQUIREMENT: A final Archaeological Monitoring and Data Recovery Report that documents the results, analysis, and conclusions of all phases of the Archaeological Monitoring Program shall be prepared. The report shall include the following items:

a. DPR Primary and Archaeological Site forms.

b. Daily Monitoring Logs

c. Evidence that all cultural materials collected during the survey, testing, and archaeological monitoring program have been conveyed as follows:

(1) All prehistoric cultural materials shall be curated at a San Diego curation facility or a culturally affiliated Tribal curation facility that meets federal standards per 36 CFR Part 79. The collections and associated records, including title, shall be transferred to the San Diego curation facility or culturally affiliated Tribal curation facility and shall be accompanied by payment of the fees necessary for permanent curation. Evidence shall be in the form of a letter from the curation facility stating that the prehistoric archaeological materials have been received and that all fees have been paid.

Or

Evidence that all prehistoric materials collected during the archaeological monitoring program have been returned to a Native American group of appropriate tribal affinity. Evidence shall be in the form of a letter from the Native American tribe to whom the cultural resources have been repatriated identifying that the archaeological materials have been received.

(2) Historic materials shall be curated at a San Diego curation facility as described above and shall not be curated at a Tribal curation facility or repatriated. The collections and associated records, including title, shall be transferred to the San Diego curation facility and shall be accompanied by payment of the fees necessary for permanent curation. Evidence shall be in the form of a letter from the curation facility stating that the historic materials have been received and that all fees have been paid.

d. If no cultural resources are discovered, a Negative Monitoring Report must be submitted stating that the grading monitoring activities have been completed. Grading Monitoring Logs must be submitted with the negative monitoring report.

DOCUMENTATION: The applicant's archaeologist shall prepare the final report and submit it to the [PDS, PPD] for approval. Once approved, a final copy of the report shall

be submitted to the South Coastal Information Center (SCIC), the Pechanga Band of Luiseno Indians, the Rincon Band of Luiseno Indians, the San Luis Rey Band of Mission Indians, and any culturally-affiliated Tribe who requests a copy. **TIMING:** Prior to any occupancy, final grading release, or use of the premises in reliance of this permit, the final report shall be prepared. **MONITORING:** The [PDS, PPD] shall review the final report for compliance this condition and the report format guidelines. Upon acceptance of the report, [PDS, PPD] shall inform [PDS, LDR] and [DPW, PDCI], that the requirement is complete and the bond amount can be relinquished. If the monitoring was bonded separately, then [PDS, PPD] shall inform [PDS or DPW FISCAL] to release the bond back to the applicant.

CULT#GR-1 - ARCHAEOLOGICAL MONITORING – PRECONSTRUCTION MEETING

INTENT: In order to comply with the County of San Diego Guidelines for Significance – Cultural Resources, an Archaeological Monitoring Program shall be implemented.

DESCRIPTION OF REQUIREMENT: The County approved Project Archaeologist and Luiseno Native American Monitor shall attend the pre-construction meeting with the contractors to explain and coordinate the requirements of the archaeological monitoring program. The Project Archaeologist and Luiseno Native American Monitor shall monitor the original cutting of previously undisturbed deposits in all areas identified for development including off-site improvements. The Project Archaeologist and Luiseno Native American monitor shall also evaluate fill soils to determine that they are clean of cultural resources. The archaeological monitoring program shall comply with the County of San Diego Guidelines for Determining Significance and Report Format and Content Requirements for Cultural Resources. **DOCUMENTATION:** The applicant shall have the contracted Project Archeologist and Luiseno Native American attend the preconstruction meeting to explain the monitoring requirements. **TIMING:** Prior to any clearing, grubbing, trenching, grading, or any land disturbances this condition shall be completed. **MONITORING:** The [DPW, PDCI] shall confirm the attendance of the approved Project Archaeologist.

14. CULT#GR-2 - ARCHAEOLOGICAL MONITORING – DURING CONSTRUCTION

INTENT: In order to comply with the County of San Diego Guidelines for Determining Significance and Report Format and Content Requirements for Cultural Resources, a Cultural Resource Grading Monitoring Program shall be implemented. **DESCRIPTION**

OF REQUIREMENT: The Project Archaeologist and Luiseno Native American Monitor shall monitor the original cutting of previously undisturbed deposits in all areas identified for development including off-site improvements. The archaeological monitoring program shall comply with the following requirements during earth-disturbing activities:

- a. **Monitoring.** During the original cutting of previously undisturbed deposits, the Project Archaeologist and Luiseno Native American Monitor shall be onsite as determined necessary by the Project Archaeologist. Inspections will vary based on the rate of excavation, the materials excavated, and the presence and abundance of artifacts and features. The frequency and location of inspections will be determined by the Project Archaeologist in consultation with the Luiseno Native American Monitor. Monitoring of the cutting of previously disturbed deposits will be determined by the Project Archaeologist in consultation with the Luiseno Native American Monitor.

b. **Inadvertent Discoveries.** In the event that previously unidentified potentially significant cultural resources are discovered:

1. The Project Archaeologist or the Luiseno Native American monitor shall have the authority to divert or temporarily halt ground disturbance operations in the area of discovery to allow evaluation of potentially significant cultural resources.
2. At the time of discovery, the Project Archaeologist shall contact the PDS Staff Archaeologist.
3. The Project Archaeologist, in consultation with the PDS Staff Archaeologist and the Luiseno Native American Monitor, shall determine the significance of the discovered resources.
4. Construction activities will be allowed to resume in the affected area only after the PDS Staff Archaeologist has concurred with the evaluation.
5. Isolates and clearly non-significant deposits shall be minimally documented in the field. Should the isolates and/or non-significant deposits not be collected by the Project Archaeologist, then the Luiseno Native American monitor may collect the cultural material for transfer to a Tribal Curation facility or repatriation program.
6. If cultural resources are determined to be significant, a Research Design and Data Recovery Program (Program) shall be prepared by the Project Archaeologist in consultation with the Luiseno Native American Monitor. The County Archaeologist shall review and approve the Program, which shall be carried out using professional archaeological methods. The Program shall include (1) reasonable efforts to preserve (avoidance) "unique" cultural resources or Sacred Sites; (2) the capping of identified Sacred Sites or unique cultural resources and placement of development over the cap, if avoidance is infeasible; and (3) data recovery for non-unique cultural resources. The preferred option is preservation (avoidance).

c. **Human Remains.** If any human remains are discovered:

1. The Property Owner or their representative shall contact the County Coroner and the PDS Staff Archaeologist.
2. Upon identification of human remains, no further disturbance shall occur in the area of the find until the County Coroner has made the necessary findings as to origin. If the human remains are to be taken offsite for evaluation, they shall be accompanied by the Luiseno Native American monitor.
3. If the remains are determined to be of Native American origin, the NAHC shall immediately contact the Most Likely Descendant (MLD).
4. The immediate vicinity where the Native American human remains are located is not to be damaged or disturbed by further development activity until consultation with the MLD regarding their recommendations as required by Public Resources Code Section 5097.98 has been conducted.
5. The MLD may with the permission of the landowner, or their authorized representative, inspect the site of the discovery of the Native American human remains and may recommend to the owner or the person responsible for the excavation work means for treatment or disposition, with appropriate dignity, of the human remains and any associated grave goods. The descendants shall complete their inspection and make recommendations or preferences for treatment within 48 hours of being granted access to the site.
6. Public Resources Code §5097.98, CEQA §15064.5 and Health & Safety Code §7050.5 shall be followed in the event that human remains are discovered.

- d. **Fill Soils.** The Project Archaeologist and Luiseno Native American monitor shall evaluate fill soils to determine that they are clean of cultural resources.

DOCUMENTATION: The applicant shall implement the Archaeological Monitoring Program pursuant to this condition. **TIMING:** The following actions shall occur throughout the duration of the earth disturbing activities. **MONITORING:** The [DPW, PDCI] shall make sure that the Project Archeologist is on-site performing the monitoring duties of this condition. The [DPW, PDCI] shall contact the [PDS, PPD] if the Project Archeologist or applicant fails to comply with this condition.

15. CULT#GR-3 - ARCHAEOLOGICAL MONITORING – ROUGH GRADING

INTENT: In order to comply with the County of San Diego Guidelines for Determining Significance and Report Format and Content Requirements for Cultural Resources, an Archaeological Monitoring Program shall be implemented. **DESCRIPTION OF REQUIREMENT:** The Project Archaeologist shall prepare one of the following reports upon completion of the earth-disturbing activities that require monitoring:

- a. **No Archaeological Resources Encountered.** If no archaeological resources are encountered during earth-disturbing activities, then submit a final Negative Monitoring Report substantiating that earth-disturbing activities are completed and no cultural resources were encountered. Archaeological monitoring logs showing the date and time that the monitor was on site and any comments from the Native American Monitor must be included in the Negative Monitoring Report.
- b. **Archaeological Resources Encountered.** If archaeological resources were encountered during the earth disturbing activities, the Project Archaeologist shall provide an Archaeological Monitoring Report stating that the field monitoring activities have been completed, and that resources have been encountered. The report shall detail all cultural artifacts and deposits discovered during monitoring and the anticipated time schedule for completion of the curation and/or repatriation phase of the monitoring.

DOCUMENTATION: The applicant shall submit the Archaeological Monitoring Report to [PDS, PPD] for review and approval. Once approved, a final copy of the report shall be submitted to the South Coastal Information Center and any culturally-affiliated Tribe who requests a copy. **TIMING:** Upon completion of all earth-disturbing activities, and prior to Rough Grading Final Inspection (Grading Ordinance SEC 87.421.a.2), the report shall be completed. **MONITORING:** [PDS, PPD] shall review the report or field monitoring memo for compliance with the project MMRP, and inform [DPW, PDCI] that the requirement is completed.

16. CULT#GR-4 - ARCHAEOLOGICAL MONITORING – FINAL GRADING

INTENT: In order to comply with the County of San Diego Guidelines for Determining Significance and Report Format and Content Requirements for Cultural Resources, an Archaeological Monitoring Program shall be implemented. **DESCRIPTION OF REQUIREMENT:** The Project Archaeologist shall prepare a final report that documents the results, analysis, and conclusions of all phases of the Archaeological Monitoring

Program if cultural resources were encountered during earth-disturbing activities. The report shall include the following, if applicable:

a. Department of Parks and Recreation Primary and Archaeological Site forms.

b. Daily Monitoring Logs

c. Evidence that all cultural materials have been conveyed as follows:

- (1) Evidence that all prehistoric materials collected during the archaeological monitoring program have been submitted to a San Diego curation facility or a culturally affiliated Native American Tribal curation facility that meets federal standards per 36 CFR Part 79, and, therefore, would be professionally curated and made available to other archaeologists/researchers for further study. The collections and associated records, including title, shall be transferred to the San Diego curation facility or culturally affiliated Native American Tribal curation facility and shall be accompanied by payment of the fees necessary for permanent curation. Evidence shall be in the form of a letter from the curation facility stating that the prehistoric archaeological materials have been received and that all fees have been paid.

OR

Evidence that all prehistoric materials collected during the grading monitoring program have been repatriated to a Native American group of appropriate tribal affinity and shall be accompanied by payment of the fees necessary, if required. Evidence shall be in the form of a letter from the Native American tribe to whom the cultural resources have been repatriated identifying that the archaeological materials have been received.

- (2) Historic materials shall be curated at a San Diego curation facility and shall not be curated at a Tribal curation facility or repatriated. The collections and associated records, including title, shall be transferred to the San Diego curation facility and shall be accompanied by payment of the fees necessary for permanent curation. Evidence shall be in the form of a letter from the curation facility stating that the historic materials have been received and that all fees have been paid.

d. If no cultural resources are discovered, a Negative Monitoring Report must be submitted stating that the archaeological monitoring activities have been completed. Grading Monitoring Logs must be submitted with the negative monitoring report.

DOCUMENTATION: The applicant's archaeologist shall prepare the final report and submit it to [PDS, PPD] for approval. Once approved, a final copy of the report shall be submitted to the South Coastal Information Center (SCIC), the Pechanga Band of Luiseno Indians, the Rincon Band of Luiseno Indians, the San Luis Rey Band of Mission Indians, and any culturally-affiliated Tribe who requests a copy. **TIMING:** Prior to any occupancy, final grading release, or use of the premises in reliance of this permit, the final report shall be prepared. **MONITORING:** [PDS, PPD] shall review the final report for compliance with this condition and the report format guidelines. Upon acceptance of the report, [PDS, PPD] shall inform [PDS, LDR] and [DPW, PDCI], that the requirement is complete and

the bond amount can be relinquished. If the monitoring was bonded separately, then [PDS, PPD] shall inform [PDS or DPW FISCAL] to release the bond back to the applicant.

3. Critical Project Design Elements That Must Become Conditions of Approval:

The following project design elements were either proposed in the project application or the result of compliance with specific environmental laws and regulations and were essential in reaching the conclusions within the attached Environmental Initial Study. While the following are not technically mitigation measures, their implementation must be assured to avoid potentially significant environmental effects.

17. **GEN #1—COST RECOVERY: [PDS, DEH, DPR], [MA, GP, IP]**

INTENT: In order to comply with Section 362 of Article XX of the San Diego County Administrative Code, Schedule B.5 existing deficit accounts associated with processing this map shall be paid. **DESCRIPTION OF REQUIREMENT:** The applicant shall pay off all existing deficit accounts associated with processing this map. **DOCUMENTATION:** The applicant shall provide a receipt to Planning & Development Services, Zoning Counter, which shows that all discretionary deposit accounts have been paid. No map can be issued if there are deficit deposit accounts. **TIMING:** Prior to the approval of any map and prior to the approval of any plan and issuance of any permit, all fees and discretionary deposit accounts shall be paid. **MONITORING:** The PDS Zoning Counter shall review the receipts and verify that all PDS, DEH, and DPR deposit accounts have been paid.

18. **LNDSCP#1—LANDSCAPE DOCUMENTATION PACKAGE**

INTENT: In order to provide adequate Landscaping, and to comply with the Spring Valley Design Guidelines, the Rancho San Diego Specific Plan 74-01 (Sweetwater Avocado) Amendment, the County of San Diego's Water Efficient Landscape Design Manual, and the County's Water Conservation in Landscaping Ordinance, a landscape plan shall be prepared. **DESCRIPTION OF REQUIREMENT:** The Landscape Plans shall be prepared pursuant to the COSD Water Efficient Landscape Design Manual and the COSD Water Conservation in Landscaping Ordinance, the COSD Parking Design Manual, the COSD Grading Ordinance, the Spring Valley Design Guidelines, and the requirements of the B Designator. All Plans shall be prepared by a California licensed Landscape Architect, Architect, or Civil Engineer, and include the following information:

- a. Indication of the proposed width of any adjacent public right-of-way, and the locations of any required improvements and any proposed plant materials to be installed or planted therein. The applicant shall also obtain a permit approving the variety, location, and spacing of all trees proposed to be planted within said right(s)-of-way. A copy of this permit and a letter stating that all landscaping within the said right(s) -of-way shall be maintained by the landowner(s) shall be submitted to PDS.
- b. A complete planting plan including the names, sizes, and locations of all plant materials, including trees, shrubs, and groundcover. Wherever appropriate, native or naturalizing plant materials shall be used which can thrive on natural moisture. These plants shall be irrigated only to establish the plantings.

- c. A complete watering system including the location, size, and type of all backflow prevention devices, pressure, and non-pressure water lines, valves, and sprinkler heads in those areas requiring a permanent, and/or temporary irrigation system.
- d. The watering system configuration shall indicate how water flow, including irrigation runoff, low head drainage, overspray or other similar conditions will not impact adjacent property, non-irrigated areas, structures, walkways, roadways or other paved areas, including trails and pathways by causing water to flow across, or onto these areas.
- e. Spot elevations of the hardscape, building and proposed fine grading of the installed landscape.
- f. The location and detail of all walls, fences, and walkways shall be shown on the plans, including height from grade and type of material. A lighting plan and light standard details shall be included in the plans (if applicable) and shall be in compliance with the [County's Light Pollution Code](#).
- g. No landscaping material or irrigation or other infrastructure shall be located within a proposed trail easement or designated pathway.
- h. Parking areas shall be landscaped and designed pursuant to the [Parking Design Manual](#) and the County Zoning Ordinance Section 6793.b

DOCUMENTATION: The applicant shall prepare the Landscape Plans using the [Landscape Documentation Package Checklist](#) (PDS Form #404), and pay all applicable review fees. **TIMING:** Prior to approval of any plan, issuance of any permit, and prior to use of the premises in reliance of this permit, the Landscape Documentation Package shall be prepared and approved. **MONITORING:** The [PDS, LA] and [DPR, TC, PP] shall review the Landscape Documentation Package for compliance with this condition.

19. ROADS#1–RELINQUISH ACCESS

INTENT: In order to promote orderly development and to comply with the [Mobility Element of the General Plan](#) access shall be relinquished. **DESCRIPTION OF REQUIREMENT:**

- a. Relinquish access rights onto **East Mission Road** with the exception of the driveway as shown on the approved plot plan. The access relinquishment shall be free of any burdens or encumbrances, which would interfere with the purpose for which it is required. Only the one (1) access point is permitted along the frontage of the parcel onto **East Mission Road** as indicated on the approved plot plan.

DOCUMENTATION: The applicant shall prepare the legal descriptions of the easement(s), submit them for preparation with the [DGS, RP], and pay all applicable fees associated with preparation of the documents. **TIMING:** Prior to approval of any plan or issuance of any permit, and prior to use of the premises in reliance of this permit the access shall be relinquished. **MONITORING:** The [DGS, RP] shall prepare the relinquishment documents and forward a copy of the documents to [PDS, LDR] for preapproval. [DGS, RP] shall forward copies of the recorded documents to [PDS, LDR]. The [PDS, LDR] shall review the documents for compliance with this condition.

20. ROADS#2–SIGHT DISTANCE

INTENT: In order to provide an unobstructed view for safety while exiting the property and accessing a public road from the site, and to comply with the Design Standards of

Section 6.1.(E) of the [County of San Diego Public Road Standards](#), an unobstructed sight distance shall be verified. **DESCRIPTION OF REQUIREMENT:**

- a. A registered civil engineer or a licensed land surveyor provides a certified signed statement that: "There is a minimum unobstructed sight distance of 334 feet in the *East Bound (EB) direction* from the proposed driveway along **East Mission Road**. I have exercised responsible charge for the certification as defined in Section 6703 of the Professional Engineers Act of the California Business and Professions Code."
- b. A registered civil engineer or a licensed land surveyor provides a certified signed statement that: "There is a minimum unobstructed sight distance of 424 feet in the *West Bound (WB) direction* from the proposed driveway along **East Mission Road**. I have exercised responsible charge for the certification as defined in Section 6703 of the Professional Engineers Act of the California Business and Professions Code."
- c. If the lines of sight fall within the existing public road right-of-way, the engineer or surveyor shall further certify: "Said lines of sight fall within the existing right-of-way and a clear space easement is not required."

DOCUMENTATION: The applicant shall complete the certifications and submit them to the [PDS, LDR] for review. **TIMING:** Prior to the approval of any plan, issuance of any permit, and prior to occupancy or use of the premises in reliance of this permit, the sight distance shall be verified. **MONITORING:** The [PDS, LDR] shall verify the sight distance certifications.

21. ROADS#3–LIEN AGREEMENTS

INTENT: In order to promote orderly development and to comply with the [County of San Diego Board Policy I-18](#), the [County of San Diego Public Road Standards](#), a lien agreement shall be executed in lieu of providing securities for the road improvements.

DESCRIPTION OF REQUIREMENT: Execute a lien agreement to improve **East Mission Road** to a one-half graded width of **fifty-nine feet (59')** with Portland cement concrete curb, gutter and sidewalk, asphalt concrete pavement over approved base, ornamental street light, asphalt concrete bicycle facility, asphalt concrete dike taper to existing pavement. The face of the curb shall be fifty-nine feet (59') from the ultimate centerline. All future road improvements shall be in compliance with the [County of San Diego Public Road Standards](#).

- a. Execute an Irrevocable Offer to Dedicate (IOD) real property **East Mission Road**, for public road purposes, to the County of San Diego. The IOD shall provide a one-half right-of-way width of fifty-nine feet (59') from the ultimate centerline, plus slope rights and drainage easements for along the frontage of the project.

The lien agreement against the property shall be granted to the County of San Diego as security in lieu of the immediate installation of the full standard street improvements. It shall declare that present and future owners of this property construct the street improvements in the future and shall not be subordinate to any other lien or encumbrance on the property. **DOCUMENTATION:** The applicant shall execute the lien agreements

and submit them to the [PDS, LDR] for review. **TIMING:** Prior to approval of any plan or issuance of any permit, and prior to use of the premises in reliance of this permit the lien agreements shall be executed and recorded. **MONITORING:** The [DGS, RP] shall prepare, approve the lien agreements for recordation, and forward the recorded copies to [PDS, LDR], for review and approval. The [PDS, LDR] shall review the lien agreements for compliance with this condition.

22. STRMWTR#1–STORMWATER MAINTENANCE DOCUMENTATION

INTENT: In order to promote orderly development and to comply with the [County Watershed Protection Ordinance \(WPO\) No.10410, County Code Section 67.801 et. seq.](#), the maintenance agreements shall be completed. **DESCRIPTION OF REQUIREMENT:**

- a. Process a Stormwater Facilities Maintenance Agreement (SWMA) to assure maintenance of the Category 2 Structural BMPs and provide security to back up the maintenance pursuant to the County Maintenance Plan Guidelines to the satisfaction of the Director of DPW and/or PDS. The SWMA shall be signed and notarized by the applicant and recorded by the County.

DOCUMENTATION: The applicant shall process the agreement forms with [PDS, LDR] and pay any deposit and applicable review fees. **TIMING:** Prior to approval of any grading or improvement plan or construction permit, prior to use of the property in reliance of this permit; execution of the recorded agreements and securities shall be completed. **MONITORING:** The [PDS, LDR] shall review the agreements/mechanisms for consistency with the condition and County Standards.

23. STRMWTR#2–EROSION CONTROL

INTENT: In order to Comply with all applicable stormwater regulations the activities proposed under this application are subject to enforcement under permits from the [State Construction General Permit, Order No. 2009-00090-DWQ](#), or subsequent order and the [County Watershed Protection Ordinance \(WPO\) No.10410, County Code Section 67.801 et. seq.](#), and all other applicable ordinances and standards for this priority project. **DESCRIPTION OF REQUIREMENT:** The applicant shall maintain the appropriate on-site and offsite Best Management Practices pursuant to the approved Stormwater Quality Management Plan (SWQMP) and Erosion Control Plan including, but not limited to the erosion control measures, irrigation systems, slope protection, drainage systems, desilting basins, energy dissipators, and silt control measure.

- a. An agreement and instrument of credit shall be provided for an amount equal to the cost of this work as determined or approved by the [PDS, LDR], in accordance with the [County of San Diego Grading Ordinance Section 87.304](#). The cash deposit collected for grading, per the grading ordinance, will be used for emergency erosion measures. The developer shall submit a letter to [PDS, LDR] authorizing the use of this deposit for emergency measures.
- b. An agreement in a form satisfactory to County Counsel shall accompany the Instrument of Credit to authorize the County to unilaterally withdraw any part of or all the Instrument of Credit to accomplish any of the work agreed to if it is not accomplished to the satisfaction of the County PDS and/or DPW by the date agreed.

DOCUMENTATION: The applicant shall process an Erosion Control Plan and provide the letter of agreement and any additional security and/or cash deposit to the [PDS, LDR]. **TIMING:** Prior to approval of any grading or improvement plan or construction permit, and prior to use of the property in reliance of this permit, the Erosion Control Plan shall be approved and the agreement and securities shall be executed. **MONITORING:** The [PDS, LDR] shall ensure that the Erosion Control Plan adequately satisfies the requirements of the conditions to potentially perform the required erosion control and stormwater control measures proposed on all construction and grading plans. [DPW, PDCI] shall use the securities pursuant to the agreement to implement and enforce the required stormwater and erosion control measures pursuant to this condition during all construction phases as long as there are open and valid permits for the site.

24. AQ#3- COUNTY CLIMATE ACTION PLAN SATISFACTION

INTENT: In order to comply with the County's Climate Action Plan (CAP) measures, the project shall include the following features. **DESCRIPTION OF REQUIREMENT:** The project shall implement or install the following measures or features as required within Step 2 of the CAP Measure Consistency Checklist.

- a. **Measure 6:** The project shall submit a Landscape Document Package that complies with the County's Water Conservation in Landscaping Ordinance and demonstrates a 40 percent reduction in current Maximum Applied Water Allowance for outdoor use.

DOCUMENTATION: The applicant shall comply with the requirements of this condition. **TIMING:** Prior to the approval of the final map and prior to the approval of any plan and issuance of any permit. **MONITORING:** The [PDS, LA] and [DPR, TC, PP] shall review the Landscape Plans for compliance with **Measure 6** of this condition.

25. GP#1-TEMPORARY CONSTRUCTION NOISE: [DPW, PDCI].

INTENT: In order to minimize temporary construction noise for grading operations associated with ZAP-19-001. **DESCRIPTION OF REQUIREMENT:** The project shall comply with the following temporary construction noise control measures and shall comply with the eight hour average sound level of 75 dBA pursuant to Noise Ordinance Section 36.408 & 36.409:

- a. Turn off equipment when not in use.
- b. Equipment used in construction should be maintained in proper operating condition, and all loads should be properly secured, to prevent rattling and banging.
- c. Use equipment with effective mufflers
- d. Minimize the use of back up alarm.
- e. Equipment staging areas should be placed at locations away farthest away from noise sensitive receivers as deemed feasible.

- f. Temporary construction equipment operations shall comply with the County Noise Ordinance Sections 36.408, 409, and 410.

DOCUMENTATION: The applicant shall comply with the temporary construction noise measures and the County Noise Ordinance as described within this condition. **TIMING:** The following actions shall occur throughout the duration of the grading construction and construction equipment operations. **MONITORING:** The [DPW, PDCI] shall make sure that the grading contractor complies with the construction noise control measures of this condition. The [DPW, PDCI] shall contact the [PDS, PCC] if the applicant fails to comply with this condition.

26. GEO#1–GEOTECHNICAL MONITORING

INTENT: In order to identify areas of highly expansive soils and determine the actual expansion/compression potential of finish-grade soils during grading. **DESCRIPTION OF REQUIREMENT:** A geotechnical consultant in the field shall perform geotechnical observation and/or laboratory testing during grading to identify areas of highly expansive soils and determine the actual expansion/compression potential of finish-grade soils. All compressible soils in areas of proposed development or future fill shall be removed and soils shall be recompacted during grading. **DOCUMENTATION:** The applicant shall prepare a certified summary of their findings on the removal and recompaction measures. The findings shall be reviewed and approved by the Director of the County Department of Planning & Development Services or designee. **TIMING:** Prior to approval of final inspection of site grading for each phase of the affected areas of the proposed project. **MONITORING:** [PDS] shall review the geotechnical findings for compliance with this condition.

27. GEN#3–INSPECTION FEE

INTENT: In order to comply with Zoning Ordinance Section 7362.e, the inspection fee shall be paid. **DESCRIPTION OF REQUIREMENT:** Pay the inspection fee at the [PDS, ZC] to cover the cost of inspection(s) of the property to monitor ongoing conditions associated with this permit. In addition, submit a letter indicating who should be contacted to schedule the inspection. **DOCUMENTATION:** The applicant shall provide a receipt showing that the inspection fee has been paid along with updated contact information [PDS, PCC]. **TIMING:** Prior to any occupancy, final grading release, or use of the premises in reliance of this permit. **MONITORING:** The [PDS, ZC] shall process an invoice and collect the fee. PDS will schedule an inspection within one year from the date that occupancy or use of the site was established.

28. PLN#1–SITE PLAN IMPLEMENTATION

INTENT: In order to comply with the approved project design indicated on the approved plot plan, the project shall be constructed as indicated on the approved building and construction plans. **DESCRIPTION OF REQUIREMENT:** The site shall conform to the approved Minor Use Permit plot plan and the building plans. This includes, but is not limited to: improving all parking areas and driveways, installing all required design features, painting all structures with the approved colors, and all temporary construction facilities have been removed from the site. **DOCUMENTATION:** The applicant shall ensure that the site conforms to the approved plot plan and building plans. **TIMING:** Prior to any occupancy, final grading release, or use of the premises in reliance of this permit,

the site shall conform to the approved plans. **MONITORING:** The [PDS, BI] and [DPR TC, PP] shall inspect the site for compliance with the approved Building Plans.

29. ROADS#4–ANNEX TO LIGHTING DISTRICT

INTENT: In order to promote orderly development and to comply with the Street Lighting Requirements of the County of San Diego Board Policy I-18 and The County of San Diego Public Road Standards, the property shall transfer into the Lighting District.

DESCRIPTION OF REQUIREMENT: Allow the transfer of the property subject of this permit into Zone A of the San Diego County Street Lighting District without notice or hearing, and pay the cost to process such transfer. **DOCUMENTATION:** The applicant shall pay the Zone A Lighting District Annexation Fee at the [PDS, LDR]. The applicant shall provide the receipt to [PDS, PCC]. **TIMING:** Prior to occupancy of the first structure built in association with this permit, or use in the premises in reliance of this permit, the fee shall be paid. **MONITORING:** The [PDS, LDR] shall calculate the fee pursuant to this condition and provide a receipt of payment for the applicant.

30. STRMWTR#3–VERIFICATION OF STRUCTURAL BMPs

INTENT: In order to promote orderly development and to comply with the County Watershed Protection Ordinance (WPO) No.10410, County Code Section 67.801 et. seq., verification of Structural BMPs shall be completed. **DESCRIPTION OF REQUIREMENT:** Complete a Structural BMP Verification Form as shown in Attachment 4 of the PDP SWQMP. **DOCUMENTATION:** The applicant shall process the Structural BMP Verification Forms with [DPW, PDC] or [PDS, BLDG]. **TIMING:** Prior to any occupancy, final grading release, or use of the premises in reliance of this permit; execution of the Structural BMP Verification Form shall be completed. **MONITORING:** The [PDS, LDR] and [DPW, WPP] shall review the Structural BMP Verification Forms for consistency with the condition and County Standards.

31. STRMWTR#4–PROVISION OF STORMWATER DOCUMENTATION TO PROPERTY OWNER

INTENT: In order to promote orderly development and to comply with the County Watershed Protection Ordinance (WPO) No.10410, County Code Section 67.801 et. seq., stormwater documentation shall be provided to property owner. **DESCRIPTION OF REQUIREMENT:** Demonstrate that copies of the following documents are provided to the property owner and initial occupants:

- a. A copy of the project's approved SWQMP (with attached Operation & Maintenance Plan).
- b. A copy of project's recorded Maintenance Notification Agreement and/or Stormwater Facilities Maintenance Agreement and/or Private Road Maintenance Agreement showing the Structural BMPs pertaining to the property.
- c. Sample copies of the following:
 - 1) A Letter for Privately Owned Stormwater Treatment Control Best Management Practices Operation and Maintenance Verification.
 - 2) One Operation and Maintenance Verification Form for each type of Private Treatment Control BMP.

DOCUMENTATION: The applicant shall submit a letter stating that the above documentation has been submitted to the property owner and initial occupants. **TIMING:**

Prior to any occupancy, final grading release, or use of the premises in reliance of this permit; provision of stormwater documents shall be completed. **MONITORING:** The [PDS, LDR] and [DPW, WPP] shall review the letter provided by the applicant for consistency with the condition and County Standards.

32. LNDSCP#2–CERTIFICATION OF INSTALLATION

INTENT: In order to provide adequate Landscaping that provides screening, and to comply with the [COSD Water Efficient Landscape Design Manual](#), the [COSD Water Conservation in Landscaping Ordinance](#), the [COSD Off-Street Parking Design Manual](#), the COSD Grading ordinance and the Fallbrook Design Guidelines, all landscaping shall be installed. **DESCRIPTION OF REQUIREMENT:** All of the landscaping shall be installed pursuant to the approved Landscape Documentation Package. This does not supersede any erosion control plantings that may be applied pursuant to [Section 87.417 and 87.418 of the County Grading Ordinance](#). These areas may be overlapping, but any requirements of a grading plan shall be complied with separately. The installation of the landscaping can be phased pursuant to construction of specific buildings or phases to the satisfaction of the [PDS, LA, PCC] [DPR, TC, PP]. **DOCUMENTATION:** The applicant shall submit to the [PDS LA, PCC], a Landscape Certificate of Completion from the project California licensed Landscape Architect, Architect, or Civil Engineer, that all landscaping has been installed as shown on the approved Landscape Documentation Package. The applicant shall prepare the Landscape Certificate of Completion using the Landscape Certificate of Completion Checklist, PDS Form #406. **TIMING:** Prior to any occupancy, final grading release, or use of the premises in reliance of this permit, the landscaping shall be installed. **MONITORING:** The [PDS, LA] shall verify the landscape installation upon notification of occupancy or use of the property, and notify the [PDS, PCC] [DPR, TC, PP] of compliance with the approved Landscape Documentation Package.

33. HAZ#1–HEALTH AND SAFETY PLAN

INTENT: In order to protect workers from hazardous chemicals and to notify the public of potential hazardous chemicals and substances and to comply with the [California Health and Safety Code, Chapter 6.95](#), a Health and Safety Plan and a Hazardous Materials Business Plan (HMBP) shall be prepared and implemented. **DESCRIPTION OF REQUIREMENT:** A Health and Safety Plan and A HMBP that outlines worker safety and personal protection equipment appropriate for the chemicals of concern (i.e., TPH, VOCs, arsenic and lead) and the construction activities planned for the site regarding all on-site storage, handling, and disposal of potentially hazardous substances, such as ground fuel storage and contaminated soil storage. The plan shall be approved by [DEH, HMD]. **DOCUMENTATION:** The applicant shall provide copies of the Health and Safety Plan, and HMBP to [DEH, HMD] for review and approval. Evidence shall be in the form of a letter from the county of San Diego, DEH, Hazardous Materials Division, stating that the appropriate DEH, State and/or Federal permits are being pursued or have been obtained or that no further permits are required. **TIMING:** Prior to occupancy of the first structure built in association with this permit, the Health and Safety Plan, and HMBP shall be prepared, approved and implemented. **MONITORING:** [DEH, HMD] shall verify and approve the Health and Safety Plan, and HMBP for compliance with this condition.

34. GEN-TIE LINE GRADING

INTENT: In order to allow the placement of the **69kV** generation tie line within private properties and in accordance with the [County of San Diego Grading Ordinance](#), a grading

permit shall be obtained. **DESCRIPTION OF REQUIREMENT:** The undergrounding shall meet or exceed the requirements set forth in the San Diego County Design Standards and San Diego Regional Standard Drawings M-15, M-22, and M-23 to the satisfaction of [PDS, LDR]. **DOCUMENTATION:** The applicant shall obtain the grading permit and provide a copy of the permit, proof of payment, and evidence that all the requirements of the permit have been met, to [PDS, LDR]. **TIMING:** Prior to approval of any building plan and the issuance of any building permit, or use of the premises in reliance of this permit, the offsite grading permit for gen-tie shall be obtained. **MONITORING:** [PDS, LDR] shall review the permit for compliance with this condition and the applicable improvement plans, and implement any conditions of the permit in the County improvement plans.

35. NOISE#1–ON-GOING SOUND LEVEL COMPLIANCE: [PDS, CODES] [OG]

INTENT: In order to comply with the applicable sections of Title 3, Division 6, Chapter 4 (County of San Diego Noise Ordinance), the site shall comply with the requirements of this condition. **DESCRIPTION OF REQUIREMENT:** The project shall conform to the following requirements: Minor Use Permit associated activities shall comply with the one-hour average sound level limit property line requirement pursuant to the County Noise Ordinance, Section 36.404. This includes (but not limited to) generator and air conditioner units. **DOCUMENTATION:** The property owner(s) and applicant shall conform to the ongoing requirements of this condition. Failure to conform to this condition may result in disturbing, excessive or offensive noise interfering with a person's right to enjoy life and property and is detrimental to the public health and safety pursuant to the applicable sections of Chapter 4. **TIMING:** Upon establishment of the use, this condition shall apply for the duration of the term of this permit. **MONITORING:** The [PDS, Code Compliance Division] is responsible for enforcement of this permit.

36. PLN#4–SITE CONFORMANCE

INTENT: In order to comply with Zoning Ordinance Section 7703, the site shall substantially comply with the approved plot plans and all deviations thereof, specific conditions and approved building plans. **DESCRIPTION OF REQUIREMENT:** The project shall conform to the approved building plans, and plot plan(s). This includes but is not limited to maintaining the following: all parking and driveways areas, painting all necessary aesthetics design features, , and all lighting, and required signage. Failure to conform to the approved plot plan(s); is an unlawful use of the land and will result in enforcement action pursuant to Zoning Ordinance Section 7703. **DOCUMENTATION:** The property owner and permittee shall conform to the approved plot plan. If the permittee or property owner chooses to change the site design in any way, they must obtain approval from the County for a Minor Deviation or a Modification pursuant to the County of San Diego Zoning Ordinance. **TIMING:** Upon establishment of the use, this condition shall apply for the duration of the term of this permit. **MONITORING:** The [PDS, Code Compliance Division] is responsible for enforcement of this permit.

37. ROADS#5–SIGHT DISTANCE

INTENT: In order to provide an unobstructed view for safety while exiting the property and accessing a public road from the site, an unobstructed sight distance shall be maintained for the life of this permit. **DESCRIPTION OF REQUIREMENT:** There shall be a minimum unobstructed sight distance of 334 feet in the East Bound (EB) direction and 424 feet in the West Bound (WB) direction along **East Mission Road** from the project

driveway openings for the life of this permit. **DOCUMENTATION:** A minimum unobstructed sight shall be maintained. The sight distance of adjacent driveways and street openings shall not be adversely affected by this project at any time. **TIMING:** Upon establishment of the use, this condition shall apply for the duration of the term of this permit. **MONITORING:** The [*PDS, Code Compliance Division*] is responsible for compliance of this permit.

38. STRMWTR#5–SELF-VERIFICATION OPERATION AND MAINTENANCE LETTER

INTENT: In order to promote orderly development and to comply with the [County Watershed Protection Ordinance \(WPO\) No.10410, County Code Section 67.801 et. seq.](#), an operation and maintenance verification form for each Structural BMPs shall be completed. **DESCRIPTION OF REQUIREMENT:** Every year the property owner shall receive from the County a BMP Verification Form to be completed for each privately owned Structural BMP. **DOCUMENTATION:** Every year the property owner shall file with the County the completed Structural BMP Verification Form stating the maintenance performed during the reporting period for each privately owned Structural BMP with [*DPW, WPP*]. **TIMING:** Upon establishment of the use, this condition shall apply for the duration of the term of this permit. **MONITORING:** The [*DPW, WPP*] is responsible for compliance of this permit.

39. FIRE#1–ON-GOING FIRE PROTECTION

INTENT: In order to comply with the [County of San Diego Fire Code Sections 96.1.4703 and 96.1.4707](#), the site shall comply with the approved Fire Protection Plan (FPP). **DESCRIPTION OF REQUIREMENT:** The following measures approved in the FPP shall be implemented and maintained:

- a. A minimum vertical clearance of 13 feet 6 inches shall be maintained for the entire required width of fire access roads.
- b. A minimum 100-foot Fuel Management Zone will be established and maintained around all structures over 250 square feet in size.
- c. All proposed structures shall have automatic fire sprinklers per County Code or County Consolidated Code requirements.” The containers will be equipped with Fire suppression systems, (clean agent Novec 1230 in a tank connected to nozzles and designed to flood the entire container during fire event) with early smoke detection, alarms and remote monitoring. The fire protection system plans will be submitted to North County Fire for approval.
- d. There will be a gate that shall have a North County Fire approved Knox box key opener installed. An exit loop will also be installed.
- e. All structures shall comply with the ignition-resistive construction requirements: Wildland- Urban Interface areas of Chapter 7A of the County Building Code. The layout includes: (16) containers on individual concrete equipment pads; (16) inverters/transformers on individual concrete equipment pads.

DOCUMENTATION: The applicant shall comply with the requirements of the FPP and this condition for the life of this permit. **TIMING:** Upon establishment of the use, the conditions of the FPP shall be complied with for the term of this permit. **MONITORING:** The [*PDS, PCC*] shall verify that the mitigation measures have been implemented pursuant to the approved building plans and the FPP. The [*PDS, Code Enforcement Division*] is responsible for enforcement of this permit. The North County Fire Protection District shall be responsible for long-term implementation of fire clearing requirements.

40. ROADS#6-PRIVATE ROAD MAINTENANCE

INTENT: In order to ensure that the on and offsite private roads are maintained and not damaged during construction and during the term of the permit, the applicant shall assume responsibility. **DESCRIPTION OF REQUIREMENT:** The applicant is responsible for the repair of any damage caused by this Project during construction and the term of this permit to on-site and offsite private roads that serve the Project. Furthermore, the applicant is responsible for maintenance on a proportional basis (number of trips) during the term of this permit to on-site and offsite private roads that serve the Project. **DOCUMENTATION:** The applicant shall assume responsibility pursuant to this condition. **TIMING:** Upon establishment of use, this condition shall apply during the term of this permit. **MONITORING:** The [*PDS, Code Enforcement Division*] is responsible for enforcement of this permit.

ADOPTION STATEMENT: This Mitigated Negative Declaration was adopted, and above California Environmental Quality Act findings made by the:
