**Project Description:** (please use a separate page if necessary)

The California Department of Transportation (Caltrans) proposes to replace the existing northbound and southbound San Jose Creek bridges (Bridge Number 51-0163 R/L), to address the presence of reactive aggregates in the existing structure. The new bridge design would be a single-span structure and will be located at existing location. During construction, the following would occur: existing bridge structure would be removed and a new bridge will be constructed; the existing slope pavement would be removed and rock slope protection would be installed; existing barriers and rails would be upgraded; vegetation removal and replanting would be conducted; and temporary traffic control would be required.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".  
If you have already sent your document to the agency please denote that with an "S".

☐ Air Resources Board  
☐ Boating & Waterways, Department of  
☐ California Emergency Management Agency  
☒ California Highway Patrol  
☒ Caltrans District # 5  
☐ Caltrans Division of Aeronautics  
☒ Caltrans Planning  
☐ Central Valley Flood Protection Board  
☐ Coachella Valley Mtns. Conservancy  
☐ Coastal Commission  
☐ Colorado River Board  
☐ Conservation, Department of
